

Anthrax

Official Approved Supplier

OUR BRAND

Anthrax is a contemporary sportswear brand focused on designing a wide range of custom-made, high-performance sports clothing. Our company provides wholesale and retail services worldwide.

OUR CUSTOM MADE EXPERIENCE

Our mission is to "Make it Personal" for our customers. We would like to invite you to explore the unlimited possibilities with us. Choose products from our product range. Almost all of our garments are fully customizable.

WORLD PARA POWERLIFTING CERTIFICATE

We are an official approved supplier for Lifting Suits and T-shirts (these items comply with the Technical Rules and Regulations for use at all World Para Powerlifting Recognised Competitions for the period of 2023 to 2024).

SPECIAL SERVICES

Anthrax is proud to partner with many National Paralympic Committees worldwide to provide custom made gear to the athletes with disabilities or special needs and officials, following all the international regulations and criteria. Under your guidance, we can design an entire team collection or individual pieces for the official clothing needs that para-athletes will wear during the games, at medal ceremonies, training or leisure time.

SPECIFIC NEEDS

Discuss with us about particularities in the construction of the clothes or special cases that will require special attention to the seam of the garment.

Option 1: Semi Custom Design

We provide you a specific ready-made design, with your country's logo/flag, in which modifications can be made to your country's colors. This option is free of charge.

Option 2: Custom Made Design

We create from scratch, a unique custom made design exclusively for you. For this option there is design fee.

THE DESIGN PROCESS

1 Step: The concept! Our designers will discuss with you the concept of your design. We will gather all the needed information regarding your new design concept.

2 Step: The first draft! Based on your concept idea, our designers will prepare for you the first draft of the design. In case you are not satisfied with the first draft, you can request changes. Our designers will work on them and come up with a new draft.

3 Step: The final design! As soon as we are done with any requested changes of the first draft, we will ask you to approve the final design. Your product is now ready to go to production. Your design will be stored in our databases and will be available for future use.

LIFTING SINGLET

Designed to provide comfort & top performance, our lifting singlet features breathable & abrasion-resistant construction. Developed specifically for the para-athletes community.

Features include:

- 100% custom design.
- Textured neck Strap.
- Made of high-quality moisture wicking, 4-way stretch material.
- Stitched with DuraThread elastic flat seams to maximize comfort & durability.
- Designed according to the latest international competition rules.

PRO-FIT T-SHIRTS

The Anthrax Pro-fit series t-shirts are designed for extreme performance & comfort under all conditions.

Features include:

- Breathe-Grid technology fabric offers superior ventilation & moisture wicking.
- 2-way stretch construction maximizes comfort.
- This t-shirt is ideal for high effort activities.
- Wrinkle-resistant, packable, and doesn't require ironing.
- Slim fit & extra long cut.
- 100% custom design.
- Size info : XS to 3XL

*Official approved item, complied with the Technical Rules and Regulations for use at all World Para Powerlifting Competitions.

POLO SHIRTS

Our unique polo shirts are suitable for training, sports & casual everyday use.

Features include:

- 100% custom design with regular fit & classic cut.
- HexFiber, moisture-wicking fabric.
- Available long or short sleeves.
- Size info : XS to 5XL

 - Medium for sizes 40 to 44 (or 7 to 11 US)
 - Small for sizes 35 to 39 (or 4 to 7 US)

NOTES

- **Production Time:** All of our garments are made “on-demand”. The final time of delivery depends on the destination of the consignment and delivery type chosen. Our average production time is 30 days. Before placing your order, you will be given a specific time frame in which your order will be completed. If you have a specific date deadline please discuss it with your customer service representative.
- **Shipping:** We know how important it is to receive your order when you expect them. We have long term collaborations with the best shipping carriers internationally. Our shipping partners, DHL and FedEx, offer the option to schedule your delivery. Most of our delivery services are trackable and you'll receive a shipping confirmation notification.
- **Delivery time:** Order shipping time may not be as expected, as shipping to countries outside the EU and the USA takes time due to customs. In some cases, we may not be able to guarantee your order on time, but there may be delays. For this reason, it would be advisable to place your order in time.
- **Prices - Costs - Payments:** Our pricing policy includes different price levels according to the size of the order. Also, there are the design services which include different options. Please, get in touch with us to receive a detailed price list.
