INTRODUCTION

This Guide describes in detail how athletes and teams can qualify for the Lima 2019 Parapan American Games in each of the 17 sports on the Games programme. It provides to the National Paralympic Committees (NPCs), to National Federations (NFs), to sports administrators, coaches and to the athletes themselves the conditions that allow participation in the most important Para event in the Americas.

The Guide presents:

- an overview of the Lima 2019 Parapan American Games Programme,
- the general IPC regulations on eligibility,
- the specific qualification criteria for each sport (in alphabetical order),
- a glossary of the terminology used throughout the document.

Structure of sport-specific qualification criteria

Each sport-specific section in this Guide follows a standardised format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each sport-specific qualification criteria is as follows:

- Events
- Athlete Quotas
- Allocation of Qualification Slots
- Maximum Quota Allocation per NPC
- Athlete Eligibility (sport-specific)
- Maximum Entries per NPC
- Qualification System
- Timeline
- Confirmation Process of Allocated Slots
- Reallocation of Unused Qualification Slots
- International Federation (IF) Contact Information

Qualification Methods

There are a variety of qualification methods which the IFs may employ depending on the nature and traditions of each sport. The mix of qualification methods (listed below) within each sport shall respect the following principles:

- To ensure that the Americas' leading athletes receive the opportunity to perform at the highest level,
- to uphold the fundamental ethical concept of non-discrimination, and

- to ensure that sub-regional opportunities for qualification exist and that sub-regional distribution of qualification slots is justifiably based on elite performances and/or prevalence of a sport in a given sub-region.

In most sports the participation of the host country is guaranteed via reserved slots. However, athletes representing the host country still need to comply with all eligibility requirements in order to enter the Parapan American Games.

The following qualification methods based on performance may be used:

- Placement at World Championships
- Placement at Regional/Zonal Championships or Sub-Regional Games
- Placement in other IF sanctioned Competitions or designated Qualifiers
- Rank on a World or Regional Ranking List
- Rank on a specific Parapan American Qualification Ranking List
- Achievement of a Minimum Qualification Standard (MQS) with or without subsequent Quota Allocation Formula
- Bipartite Invitations (see page 8 of this section).

In addition, a small number of Universality Wild Cards will be awarded at the discretion of the IPC to athletes representing NPCs who have not been able to achieve entry into the Parapan American Games via the above qualification methods (see page 9 of this section).

LIMA 2019 PARAPAN AMERICAN PROGRAMME OVERVIEW

The Parapan American Games represent an international, multi-sport competition for athletes with an impairment that reflects the highest standards of athletic excellence and diversity. The goal of the Parapan American Games Programme is to provide exciting events in the Parapan American Games that allow athletes from the Americas to achieve competitive excellence while engaging and entertaining spectators. To ensure this for the Lima 2019 Parapan American Games, the IPC and the Americas Paralympic Committee (APC) conducted its quadrennial review process that determined the inclusion and positioning of sports, disciplines and medal events within the Parapan American Games based on established core characteristics and guiding principles.

Core Characteristics and Guiding Principles

The Core Characteristics and Guiding Principles of the Parapan Sports Programme are as follows:

EXCELLENCE: The Parapan American Games is the highest level competition of each sport with participation of the region's best athletes.

DIVERSITY: The Parapan American Games give athletes with varying types/ranges of impairment the opportunity to compete within an equitable event programme that offers opportunities for both genders and ensures the participation of athletes with high support needs.

UNIVERSALITY: The Parapan American Games includes athletes from all areas of the Americas region representing the maximum possible number of NPCs.

INTEGRITY: The Parapan American Games features excellence in judging and officiating.

SUSTAINABILITY: The Parapan American Games has a significant positive impact on the host-country and society while inspiring a long-term legacy for people with an impairment.

GENERAL IPC REGULATIONS ON ELIGIBILITY

In addition to each IF's sport-specific athlete eligibility criteria the IPC has established a set of general eligibility criteria that apply to all participants in the Parapan American Games. These general regulations are derived from the IPC Handbook. They ensure that the fundamental rights and obligations of the IPC and its membership are recognised and protected. The General IPC Regulations on Eligibility are as follows:

IPC Membership

Only NPCs in good standing with the IPC may enter duly qualified and eligible athletes in the Lima 2019 Parapan American Games. NPCs are reminded that NFs must ensure that their membership with their sport's respective IF is in good standing during the qualification period and upon close of sport entries to the Parapan American Games so their athletes may participate.

Compliance with IPC Policy on the Nationality of Competitors

Any athlete in the Parapan American Games must be a national of the country/territory of the NPC entering him/her and in compliance with the provisions of the IPC Policy on the Nationality of Competitors as published in the IPC Handbook (Section 2, Chapter 3.1).

Minimum Age Requirement

No minimum age limit for athletes competing in the Parapan American Games is stipulated by the IPC on a general basis. However, NPCs should note that an age limit may be established by some IFs through sport-specific athlete eligibility criteria. While the Parapan American Games welcomes the world's youth with an impairment, NPCs are encouraged to send to the Parapan American Games only athletes adequately prepared for high performance competition.

Understanding and Agreeing to the IPC Conditions of Participation Agreements (formerly known as Eligibility Code Forms)

All athletes and other participants listed in both the IF and NPC categories (as defined in the Accreditation Guide for the Parapan American Games) must agree to the terms of the IPC Conditions of Participation Agreement to be eligible to participate in the Parapan American Games. Failure to fully complete and sign the IPC Conditions of Participation Agreement will result in that person not being eligible to participate in the Parapan American Games.

If a person is considered a minor according to that person's national laws at the time of the accreditation submission deadline, parental or legal guardian consent will be required.

If a person lacks legal capacity according to that person's national laws by the time of the accreditation submission deadline, legal guardian consent will be required.

NPC Selection Standards

The IPC recognises and respects the right of NPCs to establish national selection standards for determining an athlete's or team's qualification to compete in the Parapan American Games. Such standards must be compliant with those established by the IPC as well as with each respective IF's terms and dates of confirmation and the administrative deadlines of the LOC. All athletes and teams are equally subject to their respective NPC's selection standards.

Compliance with Classification Rules

Only athletes that meet the sport-specific classification criteria and have a designated classification status will be eligible for entry in the Lima 2019 Parapan American Games. It is the responsibility of each NPC to ensure that its athletes have been determined to have an Eligible

Impairment prior to entry and that each athlete holds a sport class status that complies with the sport's eligibility requirements as published in this Guide.

BIPARTITE COMMISSION INVITATIONS

As in previous Parapan American Games, the IPC and the APC have worked with the IFs to develop qualification methods which allow the top athletes in each sport to compete in the Games, but which also respect the Parapan American Games Guiding Principles. The Core Characteristics of quality, quantity and universality that structure the Guiding Principles are fundamental and leading aspects in the IPC/APC's and IFs' aim to deliver great competition at the Games.

While the primary method in which the Guiding Principles are respected is through the standard qualification methods, the IPC and certain IFs have also sought to provide targeted qualification slot allocations through the Bipartite Commission Invitation Allocation method. These invitations are included in the overall athlete quotas of the relevant sports. Invitations are granted on a discretionary basis by the IPC and the respective IF and are typically allocated based on the following principles:

- to ensure participation of top athletes who may have not had the opportunity to formally qualify through other methods due to extraordinary circumstances;
- to ensure the representation of athletes with high support needs;
- to ensure medal events will have sufficient representation for viability; and
- to enable greater representation by gender.

The following sports offer Bipartite Commission Invitation slots:

Para athletics, Para Badminton, Boccia, Para Cycling, Judo, Para powerlifting, Shooting para sport, Para swimming, Para Table Tennis, Para Taekwondo, Wheelchair Tennis.

Timelines and Application Procedures:

Each IF offering Bipartite Commission Invitation slots has established its individual timeline for submission and acceptance of Bipartite Commission Invitation applications. Please refer to the respective section in each sport's chapter of this Guide. All Bipartite Commission Invitation decisions are final with no opportunity for protest or appeal.

REDISTRIBUTION OF VACANT QUALIFICATION SLOTS

Each IF confirms in writing to the NPCs the allocation of qualification slots their teams and athletes have obtained. The NPCs then must confirm acceptance of their allocated slots by the deadline established in each sport's chapter of this Guide. Any qualification slots not used by an NPC will be reallocated according to the method outlined in the respective sport's chapter of this Guide. Qualification slots that cannot be reallocated by the established deadlines or become vacant (following the deadline for final sport entries) may be redistributed at the sole discretion of the IPC to any sport on the programme. All redistribution decisions are final with no opportunity for protest or appeal.

UNIVERSALITY WILD CARDS

In each edition of the Parapan American Games, the IPC institutes a slot allocation method to uphold the Universality principle and to ensure representation of a maximum number of eligible member NPCs. This slot allocation is called Universality Wild Card (UWC) method and is by invitation only. No athlete and no NPC is entitled to receiving a UWC. All UWC decisions are final with no opportunity for protest or appeal.

Such invitations may be extended if an NPC has been unable to qualify athletes in any of the 17 sports on the programme or if an NPC has obtained only one (1) qualification slot. The UWC slot is allocated to the individual athlete, not to the respective NPC. If an NPC qualifies athletes via the regular qualification pathways after one of their athletes has been granted a UWC, the UWC is revoked and the properly qualified athlete obtains the slot.

UWC slots fall outside the athlete quotas published in this Guide. For the Lima 2019 Parapan American Games the IPC will consider granting UWCs in the following sports:

- Para athletics
- Para swimming

A maximum of one (1) male UWC slot and one (1) female UWC slot may be granted if an NPC has not obtained any qualification slot otherwise. NPCs who have obtained only one (1) qualification slot (irrespective of gender) may be given one (1) female UWC slot in addition.

Criteria for Consideration

In order to be considered for a UWC athletes must meet the following conditions:

- comply with the General IPC Regulations on Eligibility as published in this Guide;

- comply with the Athlete Eligibility Criteria for their respective sport as published in this Guide. This entails meeting all requirements for licensing and classification at the time the UWC is awarded; and
- be on the “Accreditation Long List” as described under Key Dates below.

Athletes who do not meet these criteria will not be considered for a UWC.

The IPC/APC reserves the right to award a UWC under exceptional circumstances irrespective of the above criteria and in any sport.

Application Process

The IPC/APC will announce the UWC application process one (1) year prior to the Lima 2019 Parapan American Games.

KEY DATES

The following dates and deadlines have been established by the IPC/APC and the Lima 2019 Organising Committee and need to be observed across all sports on the programme:

Start of Qualification Period: 1 August 2017

Each IF may determine their own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Lima 2019 Parapan American Games. No IF may establish a qualification period that begins prior to 1 August 2017. All qualifying results must be achieved during the respective sport’s qualification period. Results and rankings achieved prior to August 2017 may not be considered for qualification towards the Lima 2019 Parapan American Games. If a sport maintains a ranking list which – by the end of their qualification period - incorporates results achieved prior to August 2017 a separate ranking list needs to be established for the purpose of Parapan American Games qualification. Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport’s qualification period.

Accreditation Deadline: 23 May 2019

NPCs must submit to the Lima 2019 Organising Committee complete information about every potential delegation member whom they consider sending to the Games. This “Accreditation Long List” includes athletes (duly qualified, replacements, substitutes, Bipartite candidates, Universality Wild Card candidates etc.), competition assistants (guide runners, tandem pilots, goalkeepers, Boccia assistants), coaches, team physicians, administrators, physiotherapists, caretakers, press attachés, Parapan attachés and Chefs de Mission – along with NPC Presidents, Secretaries General and accompanying guests. Only athletes who are accredited by 23 May 2019 can be entered into the Games by the sport entries deadline (see below).

Entry by Number Deadline: 23 May 2019

NPCs must submit to the Lima 2019 Organising Committee the most accurate possible composition numbers of its delegation. A medal event in any sport may be taken off the Lima 2019 Parapan American Games programme by IPC and the respective IF, if it becomes clear after the Entry by Number that the event cannot achieve viability by the Sport Entries deadline.

The USD 50 Capitation Fee for these Games will be invoiced by IPC following the closing of the Entry by Number on 23 May 2019. It will be charged to the NPCs per every A category accreditation (Aa, Ab, Ac, Am, Ao and As) and it will be non-refundable. After the Entry by Name IPC will review the numbers and invoice any outstanding accreditation requests.

After close of Entry by Number on 23 May 2019 NPCs will have no opportunity to reduce the number of athletes or team members. However, athlete numbers in Para athletics and/or Para swimming may be reduced by the respective IF, if a quota allocation formula has to be instated in either of these sports following the Entry by Number.

Sport Entries Deadline: 31 July 2019

Sport Entries is the official registration process for athletes selected and qualified to participate in the Parapan American Games. Any athlete an NPC may choose to enter must meet all eligibility criteria by the time the entry is made. The athlete also has to be on the “Accreditation Long List” (see previous section). The last possible day to meet the eligibility criteria is 31 July 2019. Sport Entries will close at 23:59h, Lima time, on 31 July 2019.

Allocation of Qualification Slots

A qualification slot is allocated to the NPC and not to the individual athlete. In case of a Bipartite Commission Invitation the slot is allocated to the individual athlete and not to the NPC.

Maximum Quota Allocation per NPC

An NPC can be allocated a maximum of sixty (60) athlete qualification slots with no more than thirty-five (35) male qualification slots and twenty-five (25) female qualification slots.

Athlete and Team Eligibility

To be eligible for individual event(s) entry, an athlete must:

- hold an active World Para Athletics Licence for the 2019 season; and
- have achieved a Minimum Entry Standard (MES) at a World Para Athletics Recognised Competition for an event from the published event programme between 01 January 2018 and 22 July 2019 in accordance with the IPC Athlete Licensing Programme Policies valid for the 2018-2019 seasons; or
- have been allocated a Bipartite Commission Invitation slot.

Athletes with Sport Class Status C (Confirmed), R (Review) or New (N) are allowed for entry provided they meet the above eligibility criteria.

An NPC may enter a Mixed Relay team provided that the team is comprised of athletes already entered into an individual event and the composition of the team meets the relevant World Para Athletics competition rules. No MES is required for the Mixed Relay.

Maximum Entry per NPC

NPCs can enter a maximum of three (3) eligible athletes per medal event.

NPCs can enter a maximum of one (1) team in the relay event.

NPCs may enter an eligible athlete in an unlimited number of events as long as the athlete has met the Minimum Entry Standard in one (1) of the events for which the athlete is to be entered.

QUALIFICATION SYSTEM

Qualification slots will be allocated as follows:

METHOD	QUALIFICATION	TOTAL
Qualification Ranking Allocation	<p>Under this allocation method, slots will be allocated to the highest ranked^[1] eligible athlete per NPC on the dedicated <i>Lima 2019 Qualification Ranking</i>^[2]. These slots will be allocated simultaneously across all individual events featured on the Lima 2019 Event Programme until the target quota is reached.</p> <p>In the case that an athlete is eligible for slot allocation in more than one (1) medal event, that athlete can only obtain one (1) qualification slot for their NPC.</p> <p>An NPC can earn up to one (1) slot per individual medal event via this method.</p> <p>When the quota cannot accommodate an entire rank, e.g. all athletes ranked 11th on the <i>Lima 2019 Qualification Ranking</i>, the remaining slots will be allocated, one at a time within that rank, until the quota is reached according to the following priority:</p> <ul style="list-style-type: none"> • NPCs with the least qualified slots within that gender; • NPCs with the least qualified slots in both genders. <p><u>Ranking Allocation Example:</u></p>	<p>257 male athletes</p> <p>142 female athletes</p>

1	USA	ARG
2	MEX	BRA*
3	BRA*	USA
4	BRA	BRA
5	CAN*	MEX

9	PER	ARG
10	CAN	USA

* indicates the same athlete for that NPC.

The ranking above would result in the slot allocation in the table below. NPC BRA and NPC CAN would qualify one slot as their highest ranked athlete in the two events is the same athlete.

ARG	2	BRA	1
MEX	2	CAN	1

Disclaimer:

1. *It is anticipated that this qualification method will cover the Top 10 ranking positions. However, World Para Athletics reserves the right to adjust the actual rank, up or down, in order to respect the quota.*
2. *World Para Athletics will establish a Lima 2019 Qualification Ranking from 1 January 2018 - 30 June 2019 for each of the Individual medal events on the Lima 2019 Event Programme. Performances will only be recognised for the Qualification Ranking in accordance with the Athlete Licensing Programme Policies valid for the 2018-2019 seasons and have reached a MES of the respective event. Only athletes with a Review or Confirmed status are eligible for this Qualification Ranking.*

	Any qualification slots not allocated under this method will be distributed through the Bipartite Commission Invitation Allocation method.																																											
REPRESENTATION ALLOCATION	If an NPC has not qualified a minimum of one (1) slot in each gender via the Ranking Allocation the NPC can earn up to one (1) male and one (1) female slot if the NPC has athletes of that gender that have met the MES by the end of the period to achieve performances for the <i>Lima 2019 Qualification Ranking</i> on 30 June 2019. <u>Potential Representation Allocation Scenarios:</u>	10 male athletes 10 female athletes

BWF reserves the right to increase the number of athletes/pairs per country to two (2) if there are less than six (6) qualified athletes/pairs after the qualifying period ends. An NPC can enter a maximum of three (3) eligible athletes per medal event.

QUALIFICATION SYSTEM

Direct Allocation slots can be obtained at the 2018 World Shooting Para Sport Championships and at three (3) World Shooting Para Sport sanctioned competitions in 2018/2019 designated as Qualifiers for the Lima 2019 Parapan American Games. A qualification slot can only be obtained if the result is equal to or higher than the Minimum Qualification Score (MQS) in that medal event. Direct Allocation slots are obtained in chronological order at each competition. An athlete can

only obtain one (1) qualification slot for his/her NPC. An NPC can obtain a maximum of three (3) qualification slots per medal event across all qualifying competitions.

Direct Allocation slots are gender-specific and qualify for entry in the medal event at the Lima 2019 Parapan American Games in which they were originally obtained. Athletes may enter additional medal events, if they have achieved a Minimum Entry Score (MES) in the respective medal events in at least one (1) World Shooting Para Sport Recognised Competition.

The distribution of direct allocation slots is detailed in the following table:

Allocation of Qualification Slots

The qualification slot is allocated to the NPC not to the individual athlete.

World Para Swimming reserves the right to conduct a formula-based slot allocation procedure following the Entry by Number if needed.

In case of a Bipartite Invitation the slot is allocated to the individual athlete not to the NPC.

Maximum Quota Allocation per NPC

An NPC may enter a maximum of forty (40) eligible athletes.

Athlete Eligibility

To be eligible for selection by a NPC for the 2019 Parapan American Games swimmers must:

- hold an active World Para Swimming Athlete License for the 2019 season;
- have achieved a Minimum Qualification Standard (MQS) at a World Para Swimming Recognised 50m Competition (IPC Competition, IPC Sanctioned Competition or IPC Approved Competition) for the respective event between 1 January 2018 and 21 July 2019, in accordance with the Athlete Licensing Programme Policies valid for the 2018-2019 seasons; and
- have an international classification status 'New', 'Review', 'Review + Fixed Date' or 'Confirmed'.

Maximum Entry per NPC

- **Individual Events**

NPCs can enter a maximum of three (3) eligible swimmers per event if all have met the MQS or MET. If there is more than one eligible sport class in the event, a maximum of eight (8) swimmers per event can be entered per each NPC. However, only a maximum of three (3) swimmers per each eligible sport class can be entered.

NPCs can enter their athletes that have met at least one (1) MQS in an unlimited number of events providing they meet the Minimum Entry Time (MET) for the additional events.

If following the classification changes there are more than the identified number of athletes in an event, the NPC must decide which athletes are going to swim within the above maximum numbers.

- **Relay Events**

An NPC may enter a maximum of one (1) relay team per event, comprised of qualified athletes within the NPC's overall quota.

Note: Following the Entry deadline by Number no withdrawals will be possible, with the exception of athletes entered into a non-viable event or due to verified medical cases. Additional team members can be entered with the Entry by Name – a maximum 20% increase of NPC swimmers entered with the Entry by Number is permitted.

QUALIFICATION SYSTEM

Qualification slots will be allocated as follows:

METHOD	QUALIFICATION	TOTAL
MQS Qualification Allocation	<p>Athletes who have achieved an MQS by 30 June 2019 will each obtain one (1) qualification slot for their NPC unless more athlete entries are indicated through Entry by Number than the total number of slots available. In such case World Para Swimming might implement a formula-based slot allocation method.</p> <p>Any qualification slots not allocated through this method will be allocated via the Bipartite Invitation Commission Allocation method.</p>	<p>cc. 135 male athletes</p> <p>cc. 95 female athletes</p>

Bipartite Commission Invitation Allocation	World Para Swimming will allocate up to 20 Bipartite Invitation slots. NPCs that have five (5) or fewer swimmers with an MQS may apply for Bipartite Invitation slots by 30 June 2019. NPCs will be informed about the Bipartite slots allocated to them, and the NPCs will need to confirm the usage of the Bipartite Invitation Slots by 17 July 2019.	cc. 10 male athletes cc. 10 female athletes

Allocation of Qualification Slots

The qualification slot is allocated to the NPC not to the individual athlete. In case of a Bipartite Commission Invitation the slot is allocated to the individual athlete not to the NPC.

Maximum Quota Allocation per NPC

An NPC can be allocated a maximum of six (6) male qualification slots and a maximum of six (6) female qualification slots for a total of twelve (12) qualification slots with a maximum of two (2) slots allowed per medal event.

Exceptions may be granted through the Bipartite Commission Invitation Allocation method.

Athlete Eligibility

To be eligible for competition athletes must:

- Hold a valid WT Athlete License for 2019,
- Be internationally classified in K44 or K43 with either a “Confirmed” sport class status or a “Review” sport class status with a review date after 31 December 2019,
- hold either a Taekwondo Dan issued by the WT/Kukkiwon or an MNA recognized 5-1 Geup;
- be at least sixteen (16) years of age by 31 December 2019; and
- have competed in at least one (1) international, sanctioned World Para Taekwondo Ranking event between 1 January 2018 and 30 June 2019;

Maximum Entry per NPC

An NPC can enter a maximum of two (2) eligible athletes per individual event, exceptions may be granted through the Bipartite Commission Invitation Allocation method. NPCs may only enter an athlete for a medal event in which they have achieved a qualification slot.

QUALIFICATION SYSTEM

Qualification slots will be allocated as follows:

METHOD	QUALIFICATION	TOTAL
2019 World Ranking List Allocation	<p>The top three (3) ranked male athletes in the World Para Taekwondo Rankings as of January 2019 in the K44 Sport Class per weight category and the top one (1) ranked male athlete in the K43 Sport Class per weight category each obtain one (1) qualification slot for their NPC.</p> <p>The top three (3) ranked female athletes in the World Para Taekwondo Rankings as of January 2019 in the K44 Sport Class per weight category and the top one (1) ranked female athlete in the K43 Sport Class per weight category each obtain one (1) qualification slot for their NPC.</p> <p>An NPC can only obtain one (1) qualification slot per medal event through this allocation method. In case an NPC has a top-ranked K43 athlete in a particular event and also at least one top-3 ranked K44 athlete in the same event, the NPC will have to choose which athlete obtains the slot for them. The unused slot(s) will then be allocated via the Qualification Tournament Allocation method (see below) in the same gender and weight category.</p> <p>Any qualification slots that cannot be allocated through this method will be allocated via the Qualification Tournament Allocation method (see below) in the same weight category.</p>	<p>12 male athletes</p> <p>12 female athletes</p>

By 17 July 2019 each qualified NPC must confirm to ITF in writing (signed and scanned email is acceptable) if they wish to use their allocated qualification slots. NPCs that have not responded by this date will lose their qualification slots, and ITF may reallocate these slots.

By 19 July 2019 ITF will confirm in writing the reallocation of all unused qualification slots.

By 19 July 2019 it is officially declared that the respective NPCs will use the allocated slots for the Lima 2019 Parapan American Games. Any NPC that does not use its allocated qualification slots may be subject to sanctions by IPC and ITF.

REALLOCATION OF UNUSED QUALIFICATION SLOTS

Any qualification slots allocated and not used by the respective NPC will be reallocated by the ITF to the next highest ranked eligible athlete from the Americas Region (not otherwise qualified) on the ITF Wheelchair Tennis World Singles Ranking List dated 8 July 2019.

Any Bipartite Invitation slot which is not used by the respective NPC will be reallocated by the ITF to an eligible player on the Bipartite reserve list. If the reserve list has been exhausted, any unused Bipartite slot will be reallocated by the ITF to the next highest ranked eligible athlete from the Americas Region (not otherwise qualified) on the ITF Wheelchair Tennis World Singles Ranking List dated 8 July 2019.
