10 Entries and Registration Process

10.1 Athlete Eligibility

All entered athletes must be licensed by the final entries deadline. Athletes' entries not meeting this criteria will be rejected by World Shooting Para Sport.

10.2 Authorised Organisation for Entry Registration

All athletes must be entered by their respective NPCs or authorised organisations by the NPC and accepted by World Shooting Para Sport.

10.3 Entry Restrictions

10.3.1 Maximum number of athlete entries per NPC per event

The maximum entry per NPC is four (4) 'full' participants per event (athletes eligible to progress to the final, and to obtain records and ranking).

NPCs may additionally enter an unlimited number of 'MQS-only' athletes (athletes are eligible to obtain qualification scores to be recognised for MQS, but cannot progress to the event final or achieve records or rankings). However, in case of insufficient firing points this number may be restricted by World Shooting Para Sport, in a timely manner. When entering more than 4 athletes to an event via the Online Entry System, the NPC should contact World Shooting Para Sport after making the online entries, confirming which athletes are to be entered as 'full' entry and which as 'MQS-only' at least 4 weeks before the arrival day.

The maximum number of starts per event is the number of athlete entries that can be accepted per event; this calculation is based upon range capacity and the competition schedule.

If the maximum number of starts is reached during the Final Entry Process:

(1) the number of 'MQS-only' entries may be limited to allow space for entry of 'full' participants;

(2) a 'waiting list' may be established, and in case of subsequent entry cancellations, entries from the waiting list will be accepted on a first-come-first-served basis
