1 Background

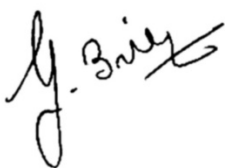

World Shooting Para Sport (WSPS) is now accepting applications for the 2023 World Championships. This prestigious event will combine the disciplines of Rifle, Pistol, VI (Vision Impaired) and Para Trap (Shotgun). The 2023 World Championships will serve as the largest direct quota allocation event for the Paris 2024 Paralympic Games.

The World Championships has seen tremendous growth over the past several years. At the Sydney 2019 WSPS World Championships we had 662 starts, 283 athletes and 55 different countries. The media coverage of this event was fantastic and saw over 330,000 live stream views and over 700,000 impressions through our social media outreach and support from the International Shooting Sport Federation (ISSF).

We are excited to build on our recent successes for the World Championships from 2018 in Cheongju, Korea and 2019 in Sydney, Australia. Should you have any questions about this event do not hesitate to contact us.

We look forward to receiving your application and continuing this great momentum for our beloved shooting sports.

Yours in Sport,
