World Para Snow Sports Working Groups

Terms of Reference for Para Alpine Skiing, Para Snowboard and Para Nordic Skiing

September 2019
IPC vision and mission

The IPC vision is: “Make for an inclusive World through Para Sport.”

The IPC Constitution states that the IPC will: “with respect to the World Para sports, act as governing body of these sports, including the awarding and sanctioning of world and regional multi-disability Games and championships…”

Therefore, the IPC Governing Board is obliged to ensure that the World Para sports are strategically governed and efficiently managed to maximise the organisation’s resource effectiveness and efficiency while developing systems and programmes that ultimately lead to self-sustainability and eventually self-governance.

The IPC mission confirms that the IPC, in furtherance of the vision, “To lead the Paralympic Movement, oversee the delivery of the Paralympic Games and support members to enable Para athletes to achieve sporting excellence.” and;

“Promote and contribute to the development of sport opportunities and competitions, from initiation to elite level, for Paralympic athletes as the foundation of elite Paralympic sport” and;

“Promote the self-governance of each Paralympic sport either as an integral part of the international sport movement for able-bodied athletes, or as an independent sport organisation, whilst at all times safeguarding and preserving its own identity”.
