

WPNS Working Group. "Factors, Timing & Data"

MEETING DATE. 14 May 2020

Appointed group:

Tor Undheim, NOR, Chairperson

Eileen Carey, USA

Ralf Rombach, GER

Christian Femy, FRA

Magnus Evenby, NOR

Teams meeting held on 14 May 2020 with additional persons present:

Georgy Kadykov-Orbeliani (WPNS Race Director) and Elke Gundermann (WPNS Sport Administration).

MEETING MINUTES.

#### 4. General discussion

We have collected several reports with calculations in different ways to make background for factors decisions. We have collected the results from last year, two years, four years and six years are and presented on one sheet for comparison. All calculations are done using median of all athletes within 30 % behind the winner, except one calculation made with only the best athlete per class included. After some discussion, we agreed to try to get the calculation based on a limit set at 15 % behind the winner in each category.

Elke has now reported that it is possible to make this calculation.

Discussion will continue based on this additional calculation on May 26th at 6:00 PM.

End of notes.

Tor Undheim
