www.paralympic.org/shooting/rules-and-regulations/technical-rules

www.issf-sports.org/theissf/rules.ashx

5 Viability of Events

Individual events are considered viable if they have athletes from four (4) countries entered through the Entry by Number. Team events will be considered viable if they have a minimum of three (3) eligible NPCs entered after the final entries deadline as per WSPS Rule 8.4.1. Otherwise the event is not considered viable and will only be shot for the MQS score, no medals will be awarded and finals will not take place for rifle and pistol events. In cases where only 3 teams participate, medals will be awarded according to the minus-one rule. All teams must be registered by the entry deadline.

6 International classification

International Classification will be conducted on 17-18 February 2021 for Physical Impairments (PI) and Visual Impairments (VI) only. A detailed classification schedule will follow the revision of the final entries by World Shooting Para Sport. At least 4 weeks prior to classification the athlete's completed IPC Medical Information Form and Classification Consent Form must have been uploaded to the athlete's SDMS profile, these forms can be found on the World Shooting Para Sport website: www.paralympic.org/shooting/teams/downloads

7 Results, Rankings & Records

After the competition is finished, results will be reviewed and published on the World Shooting Para Sport website and the Ranking and Records lists will be updated accordingly.

World Shooting Para Sport will maintain world and regional rankings based on the final results list. Only athletes that are licensed, have a sport class status Review (R) or Confirmed (C) and reach the rankings cut-off standard for the relevant event, will have their results recognised for ranking purposes.

For further information see the [World Shooting Para Sport Rules and Regulations](#).

8 MQS Allocation

MQS scores for the Tokyo 2021 Paralympic Games can be achieved at this competition. For further details, please refer to the qualification guide on the IPC website: <https://www.paralympic.org/tokyo-2021/qualification-criteria>.

9 Entries and Registration Process

9.1 Athlete Eligibility

All entered athletes must be licensed by the final entries deadline. Athletes' entries not meeting these criteria will be rejected by World Shooting Para Sport.

9.2 Authorised Organisation for Entry Registration

All athletes must be entered by their respective NPCs or authorised organisations by the NPC and accepted by World Shooting Para Sport.

9.3 Entry Restrictions

9.3.1 Maximum number of athlete entries per NPC per event

The maximum entry per NPC is four (4) 'full' participants per event (athletes eligible to progress to the final, and to obtain records and ranking).

NPCs may additionally enter an unlimited number of 'MQS-only' athletes (athletes are eligible to obtain qualification scores to be recognised for MQS, but cannot progress to the event final or achieve records or rankings). However, in case of insufficient firing points this number may be restricted by World Shooting Para Sport, in a timely manner. When entering more than 4 athletes to an event via the Online Entry System, the NPC should contact World Shooting Para Sport after making the online entries, confirming which athletes are to be entered as 'full' entry and which as 'MQS-only' at least 4 weeks before the arrival day.

The maximum number of starts per event is the number of athlete entries that can be accepted per event; this calculation is based upon range capacity and the competition schedule.

If the maximum number of starts is reached during the Final Entry Process:

- (1) the number of 'MQS-only' entries may be limited to allow space for entry of 'full' participants;
- (2) a 'waiting list' may be established, and in case of subsequent entry cancellations, entries from the waiting list will be accepted on a first-come-first-served basis

Event	Number of Relays	Maximum number of starts
R1 (Men's 10m Air Rifle Standing SH1)	1	35
R2 (Women's 10m Air Rifle Standing SH1)	1	35
R3 (Mixed 10m Air Rifle Prone SH1)	1	60
R4 (Mixed 10m Air Rifle Standing SH2)	1	80
R5 (Mixed 10m Air Rifle Prone SH2)	1	80
P1 (Men's 10m Air Pistol SH1)	1	40
P2 (Women's 10m Air Pistol SH1)	1	40
P5 (Mixed 10m Air Pistol Standard SH1)	1	80
VI-S (Visually Impaired Standing)	1	20
