1 ATHLETE REGISTRATION AND LICENCE

Athletes must be registered in the Sport Data Management System (SDMS) to be eligible to be licensed and internationally classified. Guide-runners must also be registered to be eligible to be licensed.

There is no cost to register an athlete or guide-runner in the SDMS. All registered athletes/guide-runners will be assigned a unique identification code, the SDMS ID, which will remain with the athlete/guide-runner for the duration of their career and will be included on all athlete documentation.

Athletes with an intellectual impairment (T/F20), who hold 'New' or 'Review' sport class status, MUST have a completed Training History and Sport Activity Limitation Questionnaire (TSAL-Q) not older than 12 months, uploaded to their SDMS profile, and must have met the Virtus (formally INAS) Eligibility Criteria, checked through the Virtus eligibility master list, in order to complete athlete registration and be eligible for licensing.

Athletes with a physical or vision impairment (PI and VI), who hold 'New', 'Review' or 'Review' with a 'Fixed Review Date' of 2022 or earlier Sport Class Status, MUST have a completed Medical Diagnostic Form (MDF) and applicable supporting medical documents uploaded to their SDMS profile in order to complete athlete registration and be eligible for licensing.

On 1 July 2021, version three of the IPC Athlete Eligibility Agreement was published. To be eligible to be licensed (or relicensed) it is a mandatory requirement for each athlete to enter into the newest version of the Agreement. Consequently, all athletes who wish to obtain a licence for summer season 2022 will need to acknowledge and agree to version three of the Agreement if not already done. Any athlete who does not agree to the terms of version three will not be relicensed.

Athletes must be licensed in the SDMS prior to a competition for their results to be recognised for official rankings and records

An athlete will be considered licensed once their NPC/NF has applied for a season licence and the licence package fee payment has been confirmed by the IPC. All licensed athletes will be assigned a season licence number.

Should an athlete retire from competition, it is the responsibility of their NPC/NF to officially declare their retirement by cancelling the athlete registration in the SDMS and notifying the IPC in writing.

2 ATHLETE PARTICIPATION

In accordance with Regulation 4.2.1 of the World Para Athletics Rules and Regulations, to participate in IPC Competitions and World Para Athletics

Sanctioned Competitions an athlete must hold a valid IPC Athlete Licence. At some specific World Para Sport Recognised Competitions, where a license is necessary to compete, this requirement will be included in the qualification guides of these competitions. Further requirements for eligibility to compete, such as an additional licensing deadline, will be outlined in these guides, if applicable.

At all World Para Athletics Recognised Competitions, only athletes who are licensed prior to the start of competition may have their results recognised for official rankings and records.
