## 28 Results

### 28.1 Individual Event

28.1.1 **Best lift:** The final result of each Athlete will be calculated by the heaviest “Good Lift” lift attempt weight completed during the Event within the three (3) attempts and also the Power Lift (“best lift”), ranked in descending order (e.g., heaviest “best lift” is the first (1<sup>st</sup>) ranking).

28.1.2 **Total lift:** The final result of each Athlete will be calculated by the sum of “Good

Lift” lift attempt weights completed during the Event within the three (3) attempts (“total lift”), ranked in descending order (e.g., heaviest “total Lift” is first (1<sup>st</sup>) ranking). The total lift medal is valid in all Recognised Competitions except at Games.

28.1.3 **Tie Break:** If two (2) or more Athletes in a rank/medal position (one (1) to three (3)) achieve the same result, the Head-to-Head Lift will determine the final result, subject to Rule 28.1.5 below:

28.1.3.1 If both Athletes receive “No Lift”, the respective rank will be shared;

28.1.3.2 If both Athletes receive “Good Lift”, the respective rank will be shared.

28.1.4 **The Head-to-Head Lift** will occur following the third (3<sup>rd</sup>) Round. If an Athlete is required to complete their lift attempt immediately after their previous lift attempt, three (3) minutes will be allocated for their lift attempt. The lift attempt will automatically be the same weight of Athletes’ tied attempt/result.

28.1.5 The relevant Athletes together may decide they do not wish to complete the Head-to-Head Lift (with the approval of the TD). If no Head-to-Head Lift is carried out, the respective rank will be shared.

28.1.6 If two (2) or more Athletes ranked in fourth (4<sup>th</sup>) or lower (i.e. not between first (1<sup>st</sup>) and third (3<sup>rd</sup>)) achieve the same result, the rank will be shared.

## 28.2 Team and Mixed Team Event

28.2.1 **Best lift:** All results of the Team and Mixed Team Events will be calculated using the CF which enables the comparison of the results of Athletes from different Bodyweight Categories. The CF score from each Athlete from each Round will then be summed to give the total CF score, with the highest score receiving the highest rank.

28.2.2 **Tie Break:** in each of the phases, if a team achieved the same result, the following will determine the result:

28.2.2.1 the team with the higher number of “Good Lifts” will be ranked higher;

28.2.2.2 if a tie still exists, the team with the Athlete with the highest individual score lifted will be ranked higher;

28.2.2.3 if a tie still exists, the Athlete with the highest individual score lifted in the earlier Round will be ranked higher (e.g., if two (2) Athletes have a score of 150.55 lifted in Round 1 and 3 respectively, the Team and Athlete who lifted in Round 1 will be ranked higher).

28.2.3 The final result of each team in each phase will be calculated by the sum of each Athletes’ “Good Lift” using the CF, ranking in descending order (e.g., highest team score is the first (1<sup>st</sup>) ranking):

## 29 Medal Awards
