What is Q-Code?

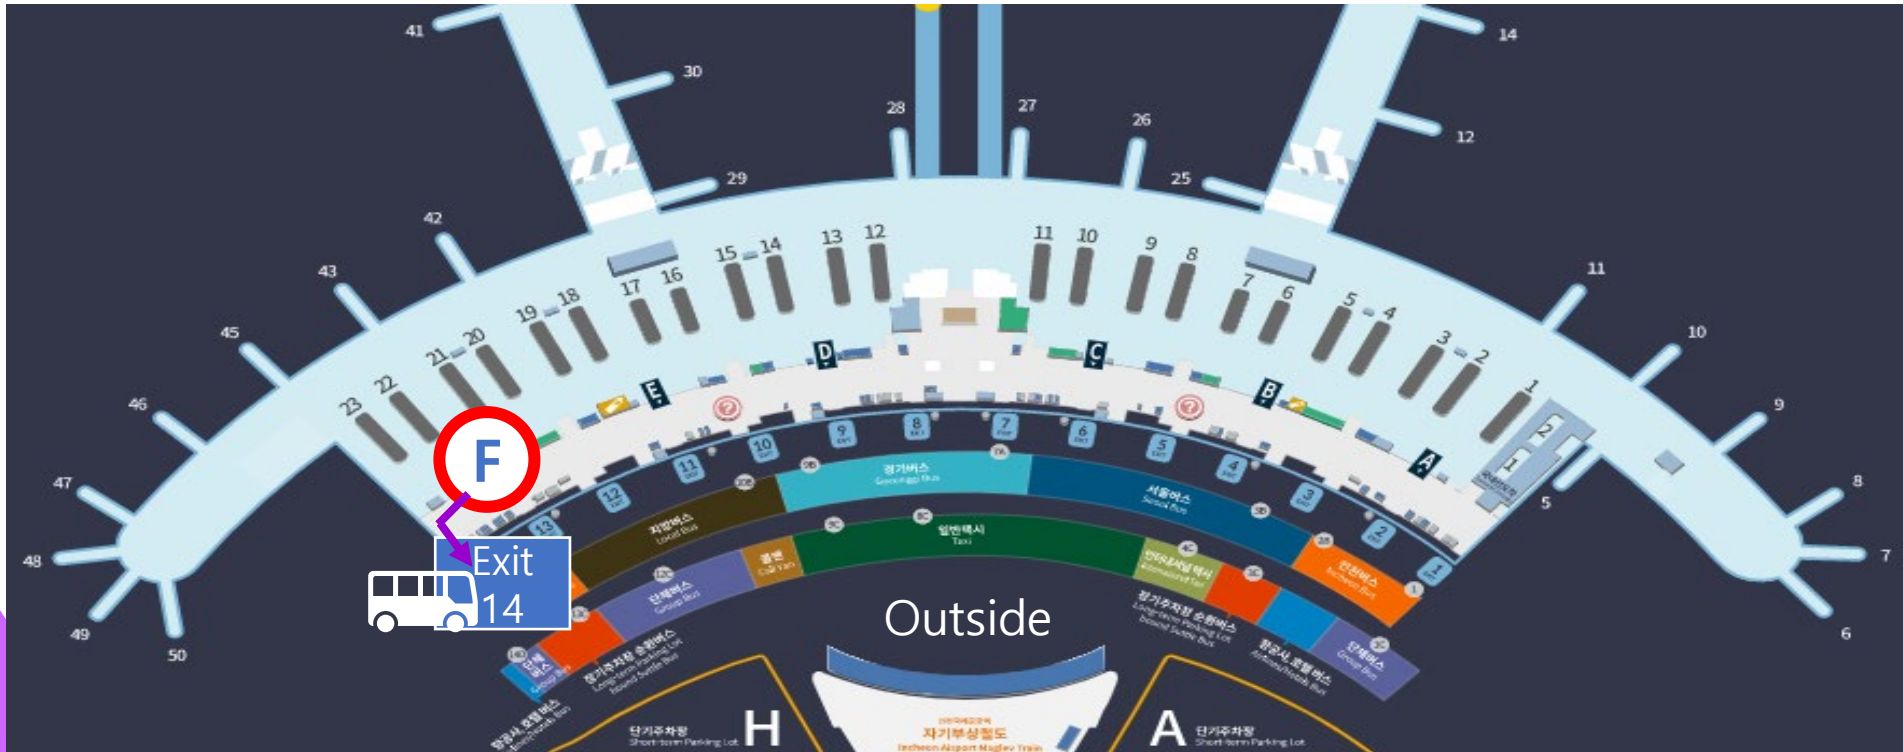

- The Korean Government has put in place a system to reduce your time in the airport through a “Q-CODE”. As of today, it is not obligatory for all overseas entrants to complete the "Q-CODE“ ahead of travel.
- <https://cov19ent.kdca.go.kr/cpassportal/biz/befatstmnt/main.do?lang=en>
- By presenting a QR-Code to a quarantine officer you can receive quick quarantine services at the airport.
- If one does not have Q-CODE, it will take longer to proceed at the "quarantine area at the airport” than those with Q-CODE and then it is mandatory to bring all related documents.
(certificate of COVID-19 vaccine, etc.)
- However, 4 copies of PCR Test Negative Document(English) issued 48 hours before your departure is obligatory. (This is only for the Sports related overseas entrants.)
- **Please find two attachment files to download here: <https://cov19ent.kdca.go.kr/cpassportal/>
(1)“Q-code Promotional Notice(ENG)” and (2)“Q-CODE User Manual_220421_3”
