Foreword Mayor of Prague 9 - Mgr. Tomáš Portlík

Dear athletes and team officials,

Welcome to the 2022 European Para Dance Sport Championships in Prague.

This is undoubtedly the biggest competition in Para sport to be held in the Czech Republic this year.

It takes place in a very special year for us, as the Czech Republic takes over the EU Presidency in the second half of 2022, so we are very happy to host the European Championships in such an exceptional discipline as dance sport. Dance has been a part of human life since time immemorial, and alongside top sporting performances we will also be treated to a common form of dance, ballroom dancing, which everyone, whether athletes or spectators, will be able to enjoy at the evening Gala.

Events such as the Para Dance Sport 2022 European Championships have an impact on transforming our society and changing the perception of people with disabilities. A sporting championship together with a social event promotes inclusion and the blending of disability and able-bodied sport. It is at the Gala evening that we will witness another European championship and that of the Showdance Latin Dance Professionals.

On behalf of the Prague 9 municipality, I can say that we are happy to support a sporting event of this size and we are looking forward to seeing all the athletes (disabled or able-bodied) who will be presenting themselves during the competitions. For three days the best para dancers will be performing in Prague and I can say that I am rightly proud of you, because thanks to your determination the world (and not only dance) is a little more beautiful and graceful again.

Para Dance Sport is just being born in the Czech Republic and we are happy that we can stand at its beginnings and be an important support in its development.

If you need any further support, please do not hesitate to contact the local organizing committee of Czech Para Dance Sport SUT.

I wish you and your athletes the best of luck and success

I hope you enjoy every moment of this unique event.

Thank you,

Tomas Portlik

<https://www.paralympic.org/dance-sport/downloads>

Ranking

The minimum number of participating countries per event must be 3.

In case of not reaching the minimum quota of 3 countries in the event, there are two options:

- a) The event is cancelled with no competition at all or
- b) The couple/athlete can compete in a higher class.

No medals will be rewarded for the original event. However, in case the athletes reach the podium in the higher class, medals shall be normally awarded. The placement points will be carried to their specific ranking class.

Music

Music for Freestyle events must be submitted via email to the LOC in mp3 format until **1 October 2022 – email address info@pragueparadance.cz** . Team leaders are advised to bring a copy by USB Stick. The title of the email must contain the country and the athletes' name.

Athletes will be disqualified from the event in case the music is not send before the deadline.

Starting numbers

To be shared with the teams later

Call area

The call area will be inside the warmup area, close to the entrance to the field of play.

Athletes are requested to pay attention to the competition schedule and present themselves to the volunteers minimum 10 minutes before the start of their event.

Mixed Zone

The Mixed Zone (MZ) is where the interviews with the broadcast and press media occurs. The athletes may refuse the interview request from the media, but they must pass through the MZ after leaving the Field of Play. Refusal to pass through the MZ is not permitted.

After the dance round is over, the athletes will exit the dance floor section of the Field of Play (FOP), and must pass through the Mixed Zone (MZ) on the side of the Athlete side (i.e. FOP zone, which is indicated as Blue Zone on the accreditation card).

The MZ is comprised of two (2) main areas in the following order:

1. Broadcast MZ
2. Press MZ

If the athletes agree to the interview requests, they must do the interview with the Rights-Holding Broadcasters (RHBs) first.

The Press Manager and/or Mixed Zone Manager may escort the athlete to a specific media that have requested assistance.

Live Broadcast Production

For the Prague 2022 Para Dance Sport Championships, there will be a live broadcast production of all sessions. All delegations and the LOC must coordinate to allow smooth operations for all parties.

All stakeholders must be aware of the camera positions and must not block the camera shots, in principle. For operational reasons, there may be exceptions, but all parties must agree and notified beforehand.

Due to the live broadcast production the team seating areas, especially the tables at the FOP always need to be maintained tidy.

Back-of-House (BOH) Filming

The Host Broadcaster (HB) will have a crew, who will film in the back-of-house (BOH) areas to create behind-the-scenes content and the International Signal for the promotion of the sport and competition. Please be aware that the Host Broadcast crew will have access to most areas, including Athlete Preparation areas (Zone 2).

Special filming requests from the Rights Holding Broadcasters (RHBs) may occur. In such case, the RHBs must arrange and acquire approvals from their subjects (e.g. coaches, athletes) and submit such requests to Broadcast Functional Areas (BRS). In consultation with the relevant functional areas (FAs), the BRS may or may not approve such special filming requests.

If any issues arise from the broadcast/filming operations, comments can be submitted to the BRS Manager.

Victory Ceremonies

Victory Ceremonies will be conducted at the end of each competition day. Medals ceremonies will take place in the end of the competition day. Only the finalists will participate in the ceremony.

After each final of an event, results will be announced, and the respective medallists must report to the Victory Ceremonies staff (located in the sport hall area) 20 min prior to their respective Victory Ceremony. The LOC is NOT in the position to postpone any Victory Ceremony if the medallist(s) does/do not arrive in time.

Medallists should either wear their national team uniform or their competition uniform. No flags or cameras etc are allowed to be brought to the podium.

The order for the medals/gifts is: first Bronze, followed by Silver, and then Gold. The athlete(s) will be presented with the medal(s), which will be hung around the neck. When the presentation is finished, the national anthem of the Gold medallist(s) will be played. After the conclusion of the anthem, medallists are asked to get together in the middle for a photo. Then the whole Victory Ceremony party moves off the podium.

Classification

Classification will be conducted according to the [2018 World Para Dance Sport Classification rules and regulations](#).

Classification will take place at the venue (Clarion Congress hotel) on 27 October from 16:00 until 19:00.

Athletes are requested to bring to classification only their competition wheelchair, straps if any and their medical information.

If an athlete does not attend Classification, he/she will be disqualified from the competition. The Classification schedule will be addressed to NPC directly via email.

Doping Control

Doping Control Programme

The Doping Control Programme, which shall include the collection of doping control samples, shall be under the authority of World Para Dance Sport. The collection and testing of samples shall be done in accordance with the applicable provisions of the IPC Anti-Doping Code (“Code”) and the World Anti-Doping Code International Standard for Testing and Investigations. The samples will be analysed at the World Anti-Doping Agency accredited Laboratory in Dresden, Germany.

Federal Anti-Doping Act

A Federal Anti-Doping Act has been enacted in Czech Republic In 2015. The Act applies to all athletes and support personnel when participating in any IPC event located in Czech Republic. The purpose of this act is to fight the use of doping substances and doping methods in sport in order to protect the health of athletes, ensure fairness and equal chances in sport competitions and thereby preserve the integrity of sport.

Under this Act, the Czech Antidoping Committee will report all Adverse Analytical Findings (AAF) to the Federal Government of Germany. The Federal Government may choose to apply penal sanctions including but not limited to imprisonment in instances of doping. Please note that instances of doping are defined with reference to the WADA Prohibited List, which includes Cannabinoids, Narcotics as well as Anabolic Agents. For the comprehensive list of prohibited substances and methods, please refer to the 2022 Prohibited List.

The full Anti-Doping Act can be found [here](#).

Therapeutic use exemption (TUE)

It is an athlete’s responsibility to ensure that any medication or method they take to treat an illness or medical condition is not prohibited according to the World Anti-Doping Agency (WADA) Prohibited List.

Athletes may have to take a medication that is on the WADA Prohibited List to treat an acute or chronic illness or medical condition. Before doing so, they must apply for a TUE and be given an approval for the particular medication and/or method. Athletes should consult with their NPC team physician to guide them through this process. All TUEs will be managed as per the WADA International Standard for TUEs (ISTUE) and entered into ADAMS (a secure online database).

NPCs are encouraged to:

Be proactive in assisting their athletes in verifying the status of their medications

Identify, along with the athlete's physician, therapeutic use alternatives to prohibited medications or methods, if appropriate

Submit legible and complete TUE application forms in a timely manner

The most common reason a TUE is denied is because of lack of proper medical documentation. Athletes and NPC medical staff are encouraged to ensure documentation related to all medical treatment such as proper diagnoses and treatment plans are included.

Athletes that already have a valid TUE certificate of approval

A copy of any currently valid TUE approval certificate and supporting medical documentation must be submitted to the IPC Medical Committee for review. Submissions must be in English and entered into ADAMS or by email to tue@paralympic.org. The IPC will notify the athlete through the NPC whether the TUE is recognized.

Athletes that need to apply for a new TUE

Athletes who are considered International Level Athletes for 2022 must apply to the IPC Medical Committee and submit the completed TUE application with supporting medical documentation either through ADAMS or by email to tue@paralympic.org during this period. Submissions must be in English. The decisions of the IPC Medical Committee will be communicated to the athlete's NPC, National Anti-Doping Organisation (NADO), and to WADA. For information who is considered to be an International level athlete see our website:

https://www.paralympic.org/sites/default/files/document/181213101328247_TUE%2BShooting%2BPara%2Bsport%2B2019%2BILA%2BList_2.pdf

An Athlete who is not an International-Level Athlete should apply to his or her National Anti-Doping Organization for a TUE.

Retroactive TUE

Article 4.3 of the ISTUE will apply in the event of an emergency.
