## WPDS ATHLETES REPRESENTATIVE ELECTIONS CANDIDATES

"I started my dancing adventure over 25 years ago, at the age of 11. Since then, I have represented Poland in the international arena, dancing in three different categories: duo, combi and solo.

In the world of Para dance, I am a well-known, recognizable person with significant experience in this field. I patiently pursue my goals. Dancing is more than just a passion for me.

The voice of the dancers is extremely important to me, especially now when dance has started to develop as a sport discipline, and new paths and solutions are possible. It is essential to make this voice strongly visible and audible to bring more fairness to this sport. I have experience as a dancer and several years of experience as a dance instructor with non-disabled and disabled people. Thanks to this, I better understand the needs and tasks we face to improve the rules and operation of this sport".

***"I would like Para dance to become fairer for all competitors and well known around the world".***

“As I roll on the dance floor of candidacy for the position of Para dance Athlete Representative at IPC, my choreography will be guided by equality and equity within the Para dance community. I am committed to addressing the challenges in classification, ensuring that every Para dancer is given a fair and equal opportunity to showcase their talents.

One of my key initiatives will be the establishment of a Powerchair category for dancers. This inclusion is not just a matter of fairness; it's a step towards recognizing and celebrating the diversity of talents within our community. By embracing a Powerchair category, we send a powerful message of inclusivity and support to all Para dancers. Furthermore, I am dedicated to working towards the integration of World Para Dance Sport into the larger Paralympic Games family. Building strong connections and collaboration is crucial for the growth and recognition of our sport on a global scale. I will tirelessly advocate for our place in the Paralympic Games, ensuring that Para dancers receive the recognition they truly deserve.

***I believe we can compose a symphony where Para dance is celebrated for its inclusivity, diversity, and the incredible skill of its athletes.***

With your support, I am confident that we can make strides towards this vision and create a more equitable and vibrant paradancing community.”

"I have started competition since 2016 and won some medals in several competitions.

***To encourage the participation of more people with disability and achieve sports equality is a commendable goal.***

I hope to be a good coordinator in Asia-Pacific area.

As Hong Kong is a part of Mainland China, It's my ideal to promote Para dance sport in Mainland China.

Through our efforts, we wish to convene more athletes to show their talents in the sport and achieve the value of sports equality."
