Athlete Committee Member

Katikorn Sowannatrai is an accomplished disabled ice hockey athlete representing the Thai national team, having competed in the Bangkok 2022 World Para Ice Hockey Championships C-Pool and participated in the World Para Ice Hockey Skill Development Camp in 2023. These experiences have provided him with new perspectives, opportunities to forge international friendships, and the development of both sporting skills and personal growth.

He wishes to put forward training initiatives that will not only provide individuals with disabilities in the ASEAN region with new experiences but also raise awareness and foster interest in Para ice hockey. It is hoped that this effort will lead to the emergence of ice hockey teams from ASEAN nations and eventually pave the way for the organization of the ASEAN Ice Hockey Championship.

Recognizing that disabled ice hockey is relatively unknown in the ASEAN region, Katikorn Sowannatrai is motivated to drive its expansion. He is eager to contribute to the advancement of disabled ice hockey within the ASEAN region and would be honored to serve as a member of the Sport Committee.
