## Welcome Message

### Paul FITZGERALD

Head of World Para Athletics

I am delighted to welcome you to New Delhi for the twelfth edition of the World Para Athletics Championships. The World Championships are the largest single Paralympic sporting event in the world. Each edition represents a new and important step in the growth and development of the sport as well a chance to showcase to the world what is possible for those 1.3 billion people who are living with a disability.

We are living a transformative time for Para sports – especially Para athletics – as we reach global audiences like never before. As we begin the journey towards the next Paralympic Games in Los Angeles, three years from now, India will witness the rise of new stars and the continued brilliance of Para athletics icons. This represents a unique opportunity for World Para Athletics and India to present our stars to the world and make an important impact in society's perception of persons with disabilities.

You are part of a historic moment: the largest Para sport event ever held in India. For nine days, the iconic Jawaharlal Nehru Stadium will showcase the world's best athletes, offering unforgettable stories and performances to share with the world. Spectators inside the stadium as well as a global audience around the world will experience the brilliance of Para athletics athletes competing on newly renovated facilities designed to maximise the preparation, hard work and talent of your athletes.

Along with the Organising Committee, we have worked hard to put on a special Championships because we know your athletes have worked their hardest to be ready for one of the most important events in their sporting careers. This Team Leader Manual contains everything you need to navigate the World Championships. If you need any assistance, please don't hesitate to contact the Local Organising Committee or the World Para Athletics Team.

### 2.1 Entry VISA

India has strict regulations about who needs a VISA to enter the country. If you are a citizen of a country that requires an Indian VISA, you will **NOT** be allowed to enter the country without one.

You can find more information about e-VISA applications in India on this website: <https://indianvisaonline.gov.in/evisa/tvoa.html>

In case of any VISA-related query, the teams should contact the following as soon as possible: [wpa25-accommodation@paralympicindia.com](mailto:wpa25-accommodation@paralympicindia.com)

**NOTE: Countries that are not eligible to avail an e-VISA, should visit the Indian embassy in their respective countries to get a stamped VISA.**

The LOC and VISA Team bear no responsibility for delays or refusals in VISA applications. It is the sole responsibility of the NPC/NF to apply for the required VISAS well in advance, and all inquiries should be directed to the relevant embassy.

VISA support documents issued by the LOC do not guarantee admission to India. The final decision will be made by the Government of India.

### 2.2 Insurance

---

If any non-compliance is identified, a World Para Athletics or LOC representative will instruct the NPC to make corrections. This includes removing or covering unauthorized or excessive branding, commercial design elements, or any political, commercial, or propaganda messaging.

Corrections must be made tastefully so that the infringing elements are fully obscured.

## 11. Classification

### 11.1 NPC Responsibilities

---

It is the collective responsibility of each Athlete and their NPC, through the NPC Team Leader and relevant Team Officials, to be informed about and comply with all Classification policies and procedures of the Championships, as outlined in the World Para Athletics Classification Rules and Regulations:

[World Para Athletics Classification & Regulations \(paralympic.org\)](https://www.paralympic.org)

Each NPC is responsible for ensuring the Athletes be present at the Classification Area 30 minutes prior to the scheduled time specified in the Classification Schedule for evaluation.

### 11.2 Sport Class Status

---

A Sport Class Status indicates whether or not an Athlete will be required to undertake Athlete Evaluation.

Athletes with a Sport Class Status of New (N) or Review (R) (not including athletes with a fixed date review beyond 2025) will be required to undertake Athlete Evaluation upon arrival at the New Delhi 2025 Para Athletics World Championships.

### 11.3 Pre-Championships Classification Activities

---

#### 11.3.1 Classification Master List

Each NPC is responsible for verifying the Sport Class data of their athletes. NPCs should refer directly to World Para Athletics if the Classification Master List contains incorrect athlete data (name, Sport Class, Sport Class Status) and/or if an athlete is not included on the Classification Master List.

#### 11.3.2 Classification Evaluation Schedule

The Classification Schedule will be shared via the website (<https://www.paralympic.org/athletics/new-delhi-2025>) to NPC's after the final entry deadline.

The schedule will include all athletes that must be present for classification upon arrival at the New Delhi 2025 Para Athletics World Championships.

If an athlete is classified at a World Para Athletics International Classification event after the final entry deadline but before the Classification Evaluation Period begins at the New Delhi 2025 Para Athletics World Championships, the Classification Schedule may need to be adjusted. Any changes will be reflected on the Classification Schedule and will be communicated to the respective NPCs via email.

## 11.4 In-Competition Classification Activities

---

### 11.4.1 Classification Evaluation Period

Athletes with a Sport Class Status of **New (N)** or **Review (R)**, except those with a fixed review date beyond 2025, must complete Athlete Evaluation upon arrival at the New Delhi 2025 Para Athletics World Championships.

It is the responsibility of each NPC, through their Team Leader, to ensure that all athletes listed on the Classification Schedule are available at the designated venue, date, and time. Athletes must arrive at least **30 minutes before** their scheduled Evaluation Session, bringing:

- A valid passport
- Required competition equipment and attire
- Any necessary medical documentation as outlined in the World Para Athletics Classification Rules and Regulations

Failure to follow the Athlete Evaluation process, as stated in the Classification Rules, may result in the athlete being ineligible to compete.

Athletes may be accompanied by an Athlete Support Personnel who must be a member of the athlete's National Body or National Paralympic Committee. For underage athletes, a Support Personnel is mandatory. Evaluations will be conducted in English. If the athlete does not speak English, a translator may attend as an additional person.

Before the evaluation, athletes and their Support Personnel must sign the **Athlete Evaluation Agreement Form** provided by World Para Athletics.

The Classification Panel will verify athlete identity through a valid passport, birth certificate, or official ID.

### 11.4.2 Classification Competition Period – Observation in Competition

A Classification Panel may require an athlete to undergo Observation Assessment in Competition before confirming their final Sport Class and Sport Class Status. If this happens, the procedures outlined in Article 14 of the World Para Athletics Classification Rules and Regulations will apply.

Athletes required to complete Observation Assessment in Competition will be assigned the Tracking Code "OA" (Observation Assessment), which temporarily replaces their Sport Class Status for the duration of the assessment.

Observation Assessment in Competition is usually conducted during the athlete's **First Appearance** in that Sport Class.

- **First Appearance** is the first time an athlete competes in any event within a particular Sport Class during a competition.
- This applies to all events within the same Sport Class.

Once the First Appearance (or any Observation during a Protest) is complete, the Classification Panel will assign the athlete's Sport Class and Sport Class Status, replacing the "OA"

designation. Any changes to an athlete's Sport Class or Sport Class Status take effect immediately.

If the Classification Panel does not observe the athlete's First Appearance, the athlete's NPC will be informed of the next steps. This may include conducting the Observation Assessment at the athlete's next scheduled competition.

### 11.4.3 Sport Class Changes

Should an Athlete's Sport Class change during the Classification Period and/or the Classification Competition Period, re-entry may be considered in line with World Para Athletics Rules and Regulations (March 2024) Rule 5.3 and are subject to approval by the Technical Delegate(s).

Advisement of re-entry will be available at TIC after consideration by the Technical Delegate(s).

### 11.4.4 Change of Class during Competition

During the competition period, the Sport Class of an Athlete may change after **Observation in Competition** or **Classification Protests** and may affect an Athlete's Sports Class, result(s), placing and record(s) at the competition in accordance with **Rule 52.4** of the World Para Athletics Rules and Regulations March 2024.

## 11.5 Classification Protests

Only athletes listed on the Classification Schedule can be protested by their own NPC. This is called a **National Protest**. World Para Athletics may protest the classification of any athlete, regardless of their Sport Class Status.

National Protests must follow the process outlined in Article 22 of the World Para Athletics Classification Rules and Regulations. A Protest fee of **€150** must be paid on site by credit card.

- The fee will be refunded only if the protest is successful and the athlete's Sport Class changes.
- The fee will not be refunded if the protest is upheld but the Sport Class remains the same.

Protests may only be submitted by the authorized individuals listed in the table below:

<i><b>Protests during Classification Period (Physical and Technical Assessment)</b></i>			
<b>Sport Class Status at Final Entry</b>	<b>Protest by Athlete's NPC (National Protest)</b>	<b>Protest by Other NPC</b>	<b>Protest by WPA</b>
<b>New (N)</b>	Yes	No	Yes
<b>Review (R)</b>	Yes	No	Yes
<b>Confirmed (C)</b>	No	No	Yes
<i><b>Protests during Classification Competition Period (Observation Assessment)</b></i>

### 11.5.1 National Protest Deadlines

National Protests must be submitted by an authorized NPC representative to the TIC or directly to the Chief Classifier within the specified time limits. If World Para Athletics lodges a protest, the NPC will be informed both verbally and in writing, and will be given the time and date for any required re-evaluation.

Classification Phase		Time of Classification Outcomes Posted	Protest Deadline Window
Classification Period (Physical and Technical Assessment)		Following each Classification Session (Morning/Afternoon)	No later than one hour after the Classification Outcome was posted
Classification Completion Period (Observation Assessment)		As soon as possible after the completion of the event in which a First Appearance occurred	No later than 15 minutes after the Classification Outcome was posted

#### ***Protests During the Classification Period (Physical and Technical Assessment):***

A Classification Protest during the Classification Period must be submitted within one hour of the publication of the Classification Outcomes. Only protests lodged after the outcomes are posted and within this deadline will be considered.

#### ***Protests During the Classification Competition Period (Observation Assessment):***

For an athlete with Tracking Status “OA” (Observation Assessment), a protest must be submitted within 15 minutes of the Classification Outcome being published after the event in which the athlete’s First Appearance occurred. The protest must be submitted at the TIC or directly to the Chief Classifier.

If a National Protest is accepted, the Chief Classifier, with full cooperation from the relevant NPC, must resolve the protest as quickly as possible to minimize any impact on the competition.

### 11.5.2 World Para Athletics Protests

World Para Athletics may, at its discretion, make a Protest at any time in accordance to the World Para Athletics Classification Rules and Regulations.

## 11.6 Classification Appeals

An Appeal is a formal objection to the way Athlete Evaluation or Classification procedures have been carried out.

Only the following bodies may submit an Appeal:

- A National Body
- A National Paralympic Committee (NPC)

If a National Body or NPC believes that procedural errors have occurred in the allocation of a Sport Class or Sport Class Status, resulting in an incorrect classification, it may lodge an Appeal.

The **Board of Appeal of Classification (BAC)** will serve as the hearing body for all appeals. Appeals must be submitted and resolved in accordance with the BAC Bylaw

### 12.9 Medical Insurance

---

The LOC will provide **on-site medical care** for all accredited persons during the New Delhi 2025 Para Athletics World Championships. Any additional medical care costs must be covered by the patient or their National Paralympic Committee (NPC).

Each NPC is responsible for ensuring that all members of its delegation have personal, travel, and accident insurance for the Championships.

Except for ambulance transport, NPCs are also responsible for the cost of transportation to and from medical facilities. It is therefore recommended that purchased insurance covers these transportation expenses as well.

### 12.10 Narcotics and Psychotropics

It is strictly prohibited to import narcotics and psychotropics into India except in the case of prescription for a specific patient bringing them with permission before entering India.

You are allowed to bring Narcotics based Medications, but it must be declared on the letter head that those Medications will only be for personal use for your contingent during the 2025 New Delhi World Para Athletics Championships.

### 12.13 Autonomic Dysreflexia and Boosting

---

The WPA Position Statement on autonomic dysreflexia and boosting applies to all participants at the New Delhi 2025 Para Athletics World Championships. This statement is referenced in the WPA Athletics Rules and Regulations (art. 3.2.4) and included in the WPA

Handbook (Section 2, Chapter 4.3), available at:

[www.paralympic.org/TheWPA/HWA/Handbook](http://www.paralympic.org/TheWPA/HWA/Handbook).

The World Para Athletics Medical Delegate will conduct and oversee assessments for autonomic dysreflexia and boosting. Assessments may take place at any appropriate time, including in Call Rooms or other warm-up areas before competition, as outlined in the WPA Position Statement. For further details, refer to the Operations Management document.

### 12.14 Infectious Disease Countermeasures

---

Infectious diseases, such as COVID-19, influenza, mumps, measles, or Norovirus, can spread directly or indirectly from an infected person to others. During sporting events, an outbreak can affect multiple team members, potentially preventing them from participating. The team environment increases the risk of transmission, as athletes share close contact, facilities, training equipment, accommodation, towels, water bottles, and other supplies.

**The primary focus must be prevention**, which includes:

- Practicing good hygiene at all times
- Applying Standard Infection Control Precautions strictly
- Ensuring full immunisation before arrival in New Delhi
- Taking measures to prevent secondary spread from infected individuals

**Secondary prevention** focuses on avoiding recurrence and stopping further spread from an identified source. Educating athletes on prevention is essential.

### **Good Personal Hygiene Guidance**

All teams must follow these measures:

- Wash hands with liquid soap and water after using the toilet and before using any equipment.
- Shower with soap and water after training and competition.
- Do not share towels or personal items.
- Wash towels, underwear, and sports clothing after every session.
- Keep cuts and sores covered with a clean, waterproof dressing.
- Wipe shared equipment surfaces before and after use with detergent wipes or spray and disposable paper towels.
- Shower before and after using swimming or spa pools.

## 13. Doping Control

The IPC is the responsible authority for the anti-doping program at the New Delhi 2025 Para Athletics World Championships and the IPC Anti-Doping Code applies to this event.

Samples (urine and/or blood) will be collected by trained and accredited Doping Control Officers (DCO) both in- and out-of-competition. Samples can be collected anytime, anywhere. At the time of notification, a trained and accredited chaperone, or a DCO will show the athlete their accreditation and advise which type of sample (blood, urine or both) the athlete will be asked to provide. The officer will then chaperone the athlete to the Doping Control Station (DCS) where the sample(s) will be collected. The athlete will be required to show official identification before providing a sample, so athletes should ensure that they always carry photo identification with them. Collected samples will be analyzed at the World Anti-Doping Agency (WADA) accredited Laboratory in New Delhi, India. Anti-Doping procedures will be overseen by the WPA Anti-Doping Delegate, David Herbert.

Ahead of the Championships athletes should make themselves aware of the relevant anti-doping rules and procedures, especially relating the registration of medication and the use of supplements. Athletes should also consider any modifications they may need to the doping control process and ensure they have the necessary equipment (such as new catheters etc., with them so that sample collection can proceed). Please refer to the AD section of the WPA website for more information [Athletics - Anti-Doping](#)

### 13.1 Doping Control Procedures

---

Athletes may have an illness or medical condition that requires a particular medication or procedure. If this medication or procedure contains a prohibited substance or involves the use of a prohibited method (one that appears on the [WADA Prohibited List](#)), the athlete may need to apply for a Therapeutic Use Exemption (TUE). A TUE gives the athlete an exemption to possess/use the substance or method, while competing in sport.

For the New Delhi 2025 World Para Athletics World Championships, the IPC manages the TUE application and recognition process for all participating athletes. All athletes must apply to the IPC for a TUE (or for recognition of an existing TUE) if they wish to use a prohibited substance or method in connection with the World Para Athletics World Championships.

### 13.2 Athletes that already have a valid TUE certificate of approval

---

If an athlete already has a TUE issued by their National Anti-Doping Organisation, the TUE will not be valid unless and until it is recognised by the IPC. The athlete, NADO or NPC can submit a request for recognition by email to [tue@paralympic.org](mailto:tue@paralympic.org) quoting the TUE reference number in ADAMS. Further information on recognition can be found on the [TUE section of the IPC website](#) under 'Recognising existing TUEs'.

### 13.3 Athletes that need to apply for a new TUE

---

All athletes must apply to the IPC by submitting the completed TUE application form with supporting medical documentation either via ADAMS, or by email to [tue@paralympic.org](mailto:tue@paralympic.org). Submissions must be in English. Further information on applying can be found on the TUE section of the IPC website under 'TUE application process'.

The TUE application form is available to download from the IPC website:

<https://www.paralympic.org/antidoping-tue>

### 13.4 Retroactive TUE

---

For any athlete, retroactive applications may also be considered if:

- Emergency or urgent treatment of a medical condition was necessary.
- There was insufficient time, opportunity or other exceptional circumstances that prevented the athlete from submitting a TUE application for the TUE prior to sample collection.
- As per the International Federation anti-doping rules, you were not permitted or required to apply for a prospective (in advance) TUE.  
If the athlete is a lower-level athlete who is not under the jurisdiction of an International Federation or NADO and were tested.
- The athlete used Out-of-Competition, for Therapeutic reasons, a Prohibited Substance that is only prohibited In-Competition (for example, glucocorticoids)

**Important note:**

**Using a prohibited substance or method without a TUE could result in an Anti-Doping Rule Violation.**
