

# TEAMS GUIDE

Dear athletes, dear coaches, distinguished guests from around the world,

It is a great pleasure and honour for us to welcome you to the Para Swimming World Series 2026 in Berlin. For many years, the German capital has been one of the key venues in international para swimming. We are proud to host one of the fastest pools in the world, where numerous records have already been set.

With a brand-new event concept dedicated exclusively to the World Series, we are opening an exciting new chapter this year. Berlin, a vibrant sports metropolis with a rich tradition and an open, international spirit, offers the perfect setting: centrally located in the heart of Europe, excellently connected, and supported by an enthusiastic sports community.

We are grateful to World Para Swimming for their trust in Berlin as a host city and for their continuous support of the Para Swimming World Series. Their leadership and vision at the international level provide the foundation for the growth and success of Para swimming worldwide, and we are proud to continue this collaboration here in Berlin.

We would like to express our heartfelt gratitude to German Disability Sports and National Paralympic Committee (Deutscher Behindertensportverband/DBS). As a long-standing and invaluable partner, the federation plays a crucial role in advancing Para sport in Germany. Its expertise, commitment, and continuous support significantly contribute to the successful realization of this event and to strengthening the Para swimming community as a whole.

Our sincere thanks also go to the state of Berlin, whose strong support makes this event possible. Berlin as a sports metropolis stands for openness, diversity, and deep-rooted enthusiasm for athletic excellence. The city's commitment to inclusive sport, combined with its world-class infrastructure and vibrant sporting culture, creates an environment in which athletes from all over the world can perform at their very best. This invaluable backing demonstrates once again how firmly Para sport is embedded in the spirit and identity of the capital.

We wish you exciting competitions, many personal highlights, and inspiring encounters. This year, athletes will once again have the opportunity to undergo classification — an important part of Para sport and a key step on the road to the 2028 Paralympic Games. Immediately after the Para Swimming World Series, Berlin will also host the International German Championships (IDM) from May 10th to 12th — this year as a dedicated standalone event. The IDM provides another outstanding stage for the world's top para swimmers to showcase their talent, while also giving emerging national and international athletes the valuable opportunity to test themselves against the sport's elite.

Welcome to Berlin — welcome to the Para Swimming World Series 2026!
