## Rabat Olympic Stadium

The **Rabat Olympic Stadium** stands as one of Morocco's newest and most modern sporting infrastructures, purpose-built to elevate the capital's capacity to host world-class athletics and multi-disciplinary sporting events. Conceived as part of the extensive redevelopment of Rabat Sports Complex, the stadium reflects Morocco's continued investment in high-performance sports and international event readiness. Inaugurated in May 2025, the stadium was completed in an exceptionally short construction timeline, yet meets the stringent standards required by World Athletics. It features a state-of-the-art 400-meter track, advanced lighting systems, and a contemporary architectural design that prioritizes visibility, comfort, and athlete performance. With a seating capacity of approximately 21,000 spectators, the facility offers an optimal balance between spectator proximity to the field and functional circulation for large-scale competitions.

# Rabat City of Lights

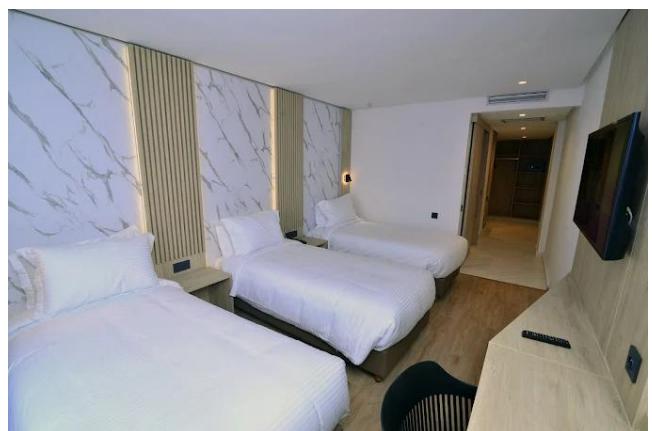

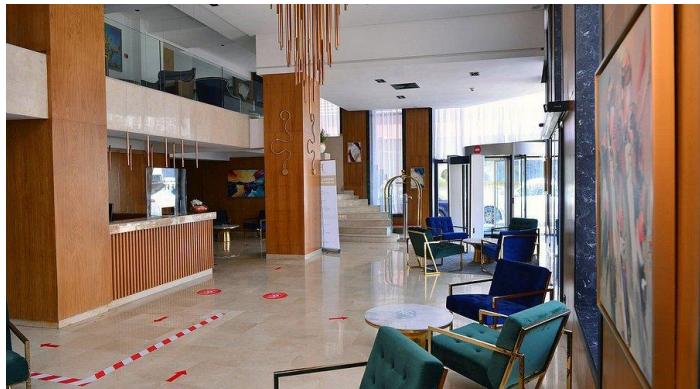

Balancing heritage and modernity, governance and culture, Rabat stands as a stable, forward-looking capital city—one that embodies Morocco's national ambitions while preserving the richness of its historical and cultural identity,

**Rabat**, the capital of the Kingdom of Morocco, is a distinguished coastal metropolis that combines political authority, cultural heritage, and modern urban development. Located along the Atlantic Ocean and the banks of the Bouregreg River, the city serves as the country's administrative and diplomatic center, hosting government institutions, ministries, and foreign embassies. With its refined urban planning, green spaces, and strategic public investments, Rabat is widely recognized as one of Morocco's most livable and orderly cities.

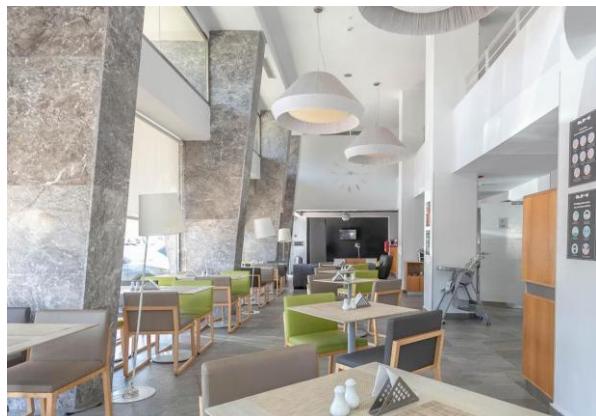

Rabat is home to a rich architectural and historical legacy, including the Kasbah of the Udayas, the Hassan Tower. Landmarks that reflect the city's profound historical significance and enduring ties to Morocco's monarchy and identity. These sites coexist harmoniously with contemporary districts characterized by wide boulevards, modern infrastructure, and cultural establishments such as the Mohammed VI Museum of Modern and Contemporary Art, the Grand Theatre of Rabat, and the new National Library.
