

Initial Research Application

Project

Title:

Event applied for:

Sport(s):

Principal Investigator

Name:

Title:

Institution:

Address (street, city, country):

Email:

Telephone:

Co-Investigator(s)

List co-investigators by name, with reference to their Title and Institution

- 1.
- 2.
- 3.
- 4.

Initial Application Request

Have you previously submitted a research application to the IPC Sports Science Committee or have you conducted research during an international, regional, or national competition?

Yes

No

If 'yes',

Project Title:

Event:

Principal Investigator:

Co-Investigators:

Publications:

Do you have experience working with the proposed athletes as subjects in a research study?

Yes

No

If 'yes',

Project Title:

Publications:

Funding Source(s) (source + value of funding):

Abstract (max 1 page)

Rationale for Study (why is the study important; what do you expect to learn):

Research question or hypothesis:

Why is it necessary to collect data this particular IPC Event:

Study Design (max. 2 pages)

Research design:

Study Participants (number, age, gender, method of selection/recruitment):

Data collection strategies:

Any incentives, follow-ups or compensation to be used with individual participants:

State in chronological order what research participants are expected to do, and what the researcher will be doing during the interaction:

Facilities required (in case of camera positions, provide on separate page(s) a drawing with reference to the Field of Play on the preferred positions for cameras):

Equipment required:
