1 General information

1.1 About Grosseto

Grosseto is the main city located at the heart of Maremma, a vast geographic Italian region extending from northern Latium to the southern coastal part Tuscany. Its landscape, climate and high quality of life are worldwide renowned for their unique features.

Today, Grosseto is a remarkable provincial town, a wealthy and dynamic centre and a land of agriculture, industry and tourism. Like other rare examples in Italy, the “old city” is surrounded by well-preserved and intact walls which have been built from the XII century by Francis I Medici for defensive purposes. Moreover, the coastal beauties of the Grosseto province, Principina a Mare, Castiglione della Pescaia and Punta Ala are a prominent pure maritime heritage of the Italian peninsula.

The city of Grosseto has a high profile sporting tradition, consolidated by local clubs’ great achievements and top athletes known at the national level. It also offers cutting-edge sporting facilities.

1.2 History

Grosseto 2016 will be the fifth IPC Athletics European Championships to take place with the previous events listed below:

1.2.1 Assen 2003

The first time the event was held, from 15-21 June 2003, the competition opened with a spectacular Opening Ceremony, in which parachutists, motorbike riders, music corps, dancers and a theatre group performed in front of nearly 3,000 spectators. The event gathered nearly 700 participants and 46 world and 29 European records were broken throughout the week.

France finished top of the medal table with 15 gold medals, but Germany had the most overall medals with 53. Top performers included Belarus’ Tamara Sivakova, who set new world records in the shot put F12 and discus F12 whilst the Netherlands’ Marijke Mettes, set a new Pentathlon world record. The Netherlands’ Anette Roozen became her country first European champion by winning the 100m T42.

1.2.2 Espoo 2005

The second edition of the event from 21-28 August 2005 drew 1,247 participants from 35 different countries, including 12 nations from outside of Europe. Of those participants, 880 were athletes and 367 were team officials.

The large Opening Ceremony was attended by IPC President Sir Philip Craven and President of the Republic of Finland, Tarja Halonen, and YLE (the Finnish Broadcasting Company) televised two days of the event. Throughout the competition, 12 worlds and 20 European records fell.

1.2.3 Stadskanaal 2012

The 2012 IPC Athletics European Championships were third edition of the event, held from 24-27 June in Stadskanaal, the Netherlands. The Championships were the last major international gathering of athletes before London 2012, attracting nearly 500 athletes from 40 countries.

Russia easily finished atop the medals table with 29 gold and 76 overall medals. Ukraine was second with 17 gold and 41 overall medals and Germany came third with 14 gold and 29 overall medals. Poland placed fifth, followed by Spain, Greece and host nation the Netherlands, respectively. Overall, there were 14 world records broken at the Championships.

1.2.4 Swansea 2014

The 2014 IPC Athletics European Championships were the most spectacular yet and saw the largest gathering of para-athletes – 550 athletes from 37 countries – since the London 2012 Paralympic Games take place between 18-23 August.

Russia were the victors of the medals table with 88 podiums in total, including 41 gold. Ukraine were second with 43 medals and the hosts third with 52, having just been beaten to second place by one gold medal.

Seven world and seven European records were set at the Swansea University Athletics stadium, in a competition which placed legacy at the heart of its planning. Local schoolgirl Molly Hopkins became the face of the event when she travelled to Berlin, Germany, to train with Dutch world and Paralympic champion Marlou van Rhijn.

1.3 About Grosseto 2016

The 2016 IPC Athletics European Championships, the last major opportunity for athletes to qualify for the Rio 2016 Paralympic Games, will be held in Grosseto, Italy, from 10-16 June 2016. Featuring around 700 athletes from nearly 40 countries, the competition is organised locally by a partnership between Federazione Italiana Sport Paralimpici e Sperimentali (FISPES), Federazione Italiana di Atletica Leggera (FIDAL), Atletica Grosseto Banca della Maremma and the Italian Paralympic Committee.

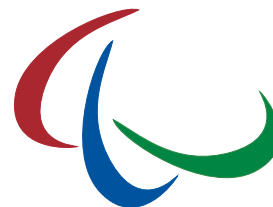

1.4 Venue

The competition will be held at the Carlo Zecchini Olympic Stadium, a top-rated venue that has staged several IPC Athletics Grand Prix meetings in the past. The stadium has a capacity of 10,200 people. It has previously staged the 2001 European Athletics Junior Championships and the 2004 IAAF World Junior Athletics Championships. The overall venue plan can be found in the Appendix 1.

1.5 Programme

2 Media facilities

2.1 Media Centre

The Media Centre (MMC) will be located at the Azzuri d'Italia Sporting Hall and will be designed and fully equipped to facilitate the needs of the media representatives. All accredited media will have access to the MMC. A Wi-Fi access will be available free of charge in all media areas. Between 08-10 June, the Media Center will be opened from 08:00 to 18:00. During competition days, it will be opened between 07:30 and 21:30.

2.2 Media workroom

The media workspace will include a section dedicated to written press, online and TV journalists as well as another section reserved to photographers. The MMC will be equipped with desks, chairs, power outlets, televisions and touch screen terminals for results. A Wi-Fi connection will be available free of charge. The pigeonhole system will provide all the sport specific information (start lists, flash interviews, results, statistical information, press releases, general information etc.) in a quick and efficient manner. Dedicated lockers will also be at media disposal in order to store all equipment. Lockers keys may be collected from the media helpdesk. The media helpdesk at the entrance of the media workroom will provide support on client service matters, general information, media specific information, lost & found service, as well as way-finding support in and outside the venue. The media workroom will be operational two days prior the start of the competition. During the competition, it will open two hours before the first event of the day and will close two hours after the end of the competition day.

2.3 Media tribunes

The media tribunes will be of exclusive access to accredited media that will be monitored at all times. The media tribunes will be composed of tabled and non-tabled positions overlooking the Field of Play. The tabled positions will be fully equipped with respective technological devices (TV Sets receiving the competition feed, LAN ports and power outlets) in order to provide the best working conditions for media representatives. Media volunteers will be dedicated to distribute all the relevant printed materials and reports (results and flash interviews) within minutes of the event's conclusion.

2.4 Press conference room

The press conference room will be located in the media workroom. It will host press conferences in exceptional cases.

2.5 Interview area

The LOC media team will offer an extra opportunity to written press, radio journalists and TV crews to conduct interviews to athletes in a specific branded area of the training venue. This area will be located in the proximity of the indoor training track. Only accredited journalists will be able to access the interview area and will be always escorted by a member of the media team. It is intended that interviews will need to be officially requested to the Media Manager and will be conducted only upon approval.

3 Media information

3.1 Accreditation

Full details regarding media accreditation may be found through the following link:

<http://www.grosseto2016.com/media>

The accreditation process is now opened and broadcasters can register toward the aforementioned link. The accreditation process will close on **3 June 2016**.

The access to the Carlo Zecchini Olympic Stadium will be controlled and everyone is requested to wear their accreditation cards visibly at all times. The accreditation card is a personal belonging, transferring it to another person is prohibited.

Lost accreditation cards must be reported immediately to the LOC. For replacement card, the person must report to the accreditation desk in the competition venue and present a valid passport or identity card. The replacement of the accreditation will involve a fee which will be communicated soon. It cannot be guaranteed that the new accreditation will be available on the same day.

Broadcasters will pick up their Accreditation at the Main Accreditation Centre (MAC) located at the MMC. All participants must personally collect their accreditation cards, along with either a valid passport or identity ID. The MAC will be operational from 05 to 16 June. Operational hours will be from 08:30 (local time) until 20:00.

All authorised rights holding broadcasting crews will get bibs (HB for the production crew and RH for the Rights Holders) to distinguish them from the press.

Non-rights holding broadcasters (television and radio) will get the same access entitlements as written and may be allowed filming interviews in the mixed zone subject to approval by the organising committee and the IPC. Non-rights holders **will not be** allowed to film any sporting action. In case of any question with regards to the accreditation, you may contact Laura Schreder, IPC Digital Media & Media Operations Co-ordinator at laura.schreder@paralympic.org

3.2 Accommodation

The LOC has selected the two following hotels as official media accommodations:

- Hotel Airone: <http://www.hotelairone.eu/>
- Hotel Granduca: <http://www.hotelgranduca.com/>

For any additional information about media accommodation (accessibility, rate card ...), please contact Giuliana Grillo at giuliana.grillo@grosseto2016.it or media@grosseto2016.it. You can also visit <https://www.paralympic.org/grosseto-2016/media>.

3.3 Catering

The Media Center will include a small breaking area. Snacks and water will be available free of charge. Food can be purchased at the stadium's concessions or in restaurants/bars close to the competition venue.

3.4 Transportation

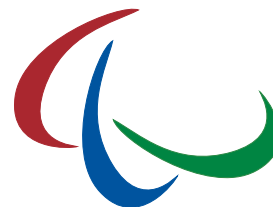

During the event, all accredited media will have access to an efficient transport system from the airport, railway station and during the competition.

3.4.1 Rome Fiumicino Airport

Transport from Rome Fiumicino Airport (FCO) to Grosseto will be granted to all international accredited media upon specific request. This service will be offered free of charge and will need to be pre-booked by sending an email to the Grosseto 2016 media team at media@grosseto2016.it.

3.4.2 Grosseto Railway Station

A shuttle bus service from the station to the media hotel will be ensured. This service will be offered free of charge and will need to be pre-booked by sending an email to the Grosseto 2016 media team at media@grosseto2016.it.

3.4.3 Media Hotel

A shuttle bus service will connect the Media Hotels to the competition venue and will be exclusively available to accredited media. The media bus will be provided with 19 seats and is scheduled as follow:

4 Production

4.1 Host Broadcaster (HB)

The HB during the event will be Perform. Perform has proven successful experience with the IPC. Indeed, they took a very important part in the success of the 2014 IPC Athletics European Championships in Swansea, United Kingdom and allowed the event to reach a significant audience.

Perform will produce multilateral feeds of the competition consisting of live and taped television coverage using best professional production practices and broadcast equipment in a competent and professional manner with knowledgeable, trained and qualified personnel. In consultation with the IPC, the HB will base the final coverage plans on reasonable requests of the RHBs and the demand for live or taped coverage.

4.1.1 Live feed

The HB will produce a HD live feed of the 2016 IPC Athletics European Championships Grosseto. Further details about the signal can be found at “4.4 International Signal”.

4.1.2 Highlights

Daily 52min highlights showcasing the best and most exciting moments of each journey will be made available approximately 30min after the evening session. This feed will be distributed with an English dopesheet and English commentary for reference.

4.1.3 News

A 5min international newsfeed will be made available approximately 15min after the evening session. The usage of such feed will be **subject to the News Access Rules** as set up for the event. This feed will be distributed with an English dopesheet and English commentary for reference. The complete News Access Rules can be found on Appendix 3.

4.1.4 Clipping

During the event, broadcasters will have the opportunity to request clips from the events included in the competition programme. For any request or further information, please contact sascha.beck@paralympic.org.

4.2 Broadcast schedule

The Appendix 4 provides broadcaster with the latest version of the broadcast schedule. The IPC and LOC are willing to work in close collaboration with broadcasters to fulfil all requirements related to the competition schedule.

4.3 Equipment

Detailed list of equipment on-site can be found on Appendix 5. All additional equipment booking will be subject to extra costs according to the rate card established by the HB. The rate card is available on Appendix 6.

4.4 International signal

4.4.1 Signal

The signal will be produced in HD standard with a 16:9 picture Aspect Ratio (HD SDI 1080 – 16/9@50i) with international sound which will be delivered both at the venues and on satellite. All event coverage will be shot 4:3 safe, international distribution will be in the 16:9 and 4:3 aspect ratios only. The signal will be also available in a clean version, for on-site RHBs upon request and for editing purposes only. The signal will include all competition, presentation and timing graphics in a style similar to the Paralympic Games. Timing and competition graphics may include an official sponsor's logo to be inserted.

4.4.2 International sound

The International Sound associated with the signal will be produced in stereo and consists of a full mix of FX and English commentary (Audio 1+2) and Clean FX without English commentary (Audio 3+4). The HB will also include English commentary on the highlights programmes for guidance purposes:

- CH1: Full mix – L
- CH2: Full mix – R
- CH3: Clean FX – L
- CH4: Clean FX – R

4.4.3 Feed delivery

The feed delivery details will be communicated and confirmed to broadcasters sufficient time prior the event. Complementary to such communication, details will once more be emphasised during the event, throughout “daily synopsis” including dates, hours GMT and content of all transmissions. International feeds will be made available both at the venue and on satellite, allowing broadcasters to personalise their unilateral operations locally at the venues or on their studios in their country of origin. International feeds will be made available via EBU Network services.

4.5 Camera

The camera plan has been provided by the HB and may be found in Appendix 7.

4.6 Graphics

Real-time data timing & scoring and results, as well as graphics will be provided. The graphics feeds will include a key and fill signal for each feed. All graphics will be produced in the 16:9 ratio aspect with all editorial information in a 4:3 safe area. The graphics generator will be interfaced with the computer generated start lists, results captions and timing graphics in the style of the event. All presentation graphics will be in English language and will include start numbers, starting lists, name of competitors, ISO 3166 codes for countries, results and records. IPC may provide RHBs with templates and detailed information regarding graphic package to be implemented upon request.

4.7 Running order

In order to maintain consistency in the production, HB will provide broadcasters with a running order covering the entire event. This document will be distributed to RHBs closer to the event.

4.8 Other service

The HB will distribute the Multilateral Feeds to the IPC as well as RHBs and is responsible for co-ordinating the unilateral bookings of the RHBs including production services and technical facilities in accordance with business standards.

4.9 B-roll footage

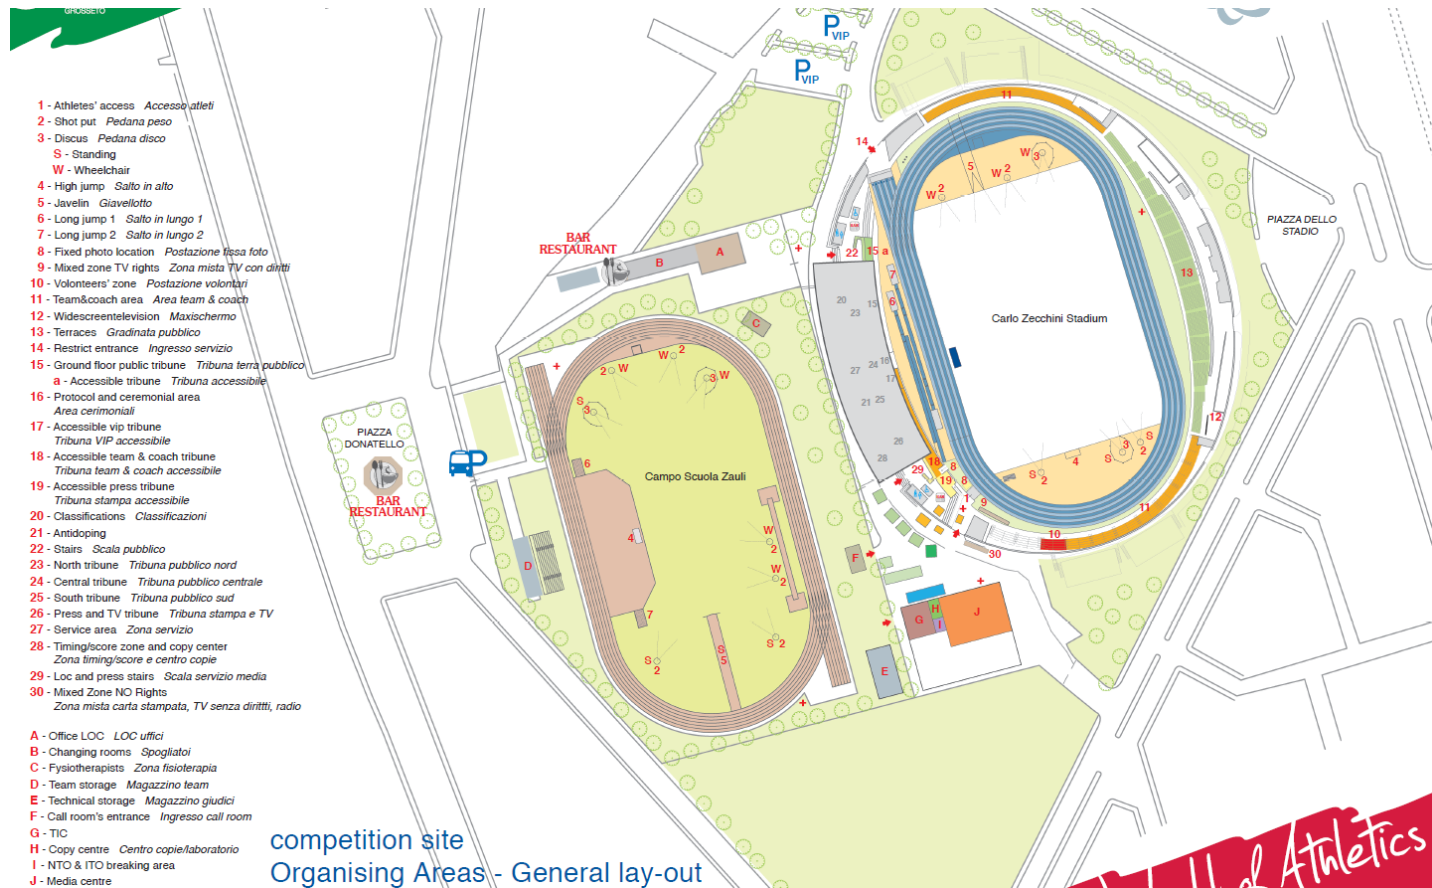

In cooperation with LOC, IPC may provide b-roll footage including aerials, beauty shots and main landmarks of Grosseto and the region.

Appendix 3: News Access Rules

IPC Athletics European Championships Grosseto, Italy, 10-16 June 2016 (the 'Championships')

-News Access Rules-

In these rules "**News Access**" means access to the audio visual feeds of the Championships by media organisations producing bona fide news coverage of the events taking place as part of the Championships, for use in regularly scheduled news bulletins, sports news shows and similar programmes. This may be on a national or regional basis. Provided in every case that such broadcasts shall be limited to a maximum of 3 minutes per bulletin and the broadcaster or media company also complies with the other provisions of these Rules.

News Access is permitted for television and radio without further special permission (but always subject to the conditions of these Rules) and for Internet, via a mobile platform or any other interactive media or electronic medium, with the express prior written approval of the IPC following disclosure of the websites and other channels to be utilized and the use to be made of the News Access Material.

"News Access Material" means the Championship footage used pursuant to these Rules (or purporting to be so).

"Championship Venues" means all venues used for the purpose of the Championships that require accreditation or has public access during regular sessions when the public are admitted to the Championships.

These rules are designed to secure the objectives of the European Audiovisual Media Services Directive which are expressed in Article 15 of the Directive as follows (despite references to the EU within the Directive these Rules are applicable to broadcasters anywhere in the world):-

"...that for the purpose of short news reports, any broadcaster established in the Union has access on a fair, reasonable and non-discriminatory basis to events of high interest to the public which are transmitted on an exclusive basis by a broadcaster under their jurisdiction."

Therefore News Access shall be permitted in accordance with the following conditions.

1. The material must be obtained through the Rights Holder in each territory, Host Broadcaster or the IPC.
2. Programmes that feature News Access Material shall not be positioned or promoted as official Championship programmes and the broadcaster shall not falsely claim to be a rights holder.
3. Subject to the exception for all-news networks as outlined below, the News Access Material may appear in no more than four programmes per day.
4. The amount of News Access Material used in any one programme shall not exceed a total of three minutes and the duration of any News Access Material contained in a programme shall not exceed one third of the duration of the particular event being reported on.
5. News Access Material may not be shown live; there must be a delay of at least 60 minutes following the end of the session reported on and the use of the News Access Material.
6. News Access Material may only be used for a period of 72 hours following the completion of the session being reported on. After such period the footage becomes part of the IPC proprietary archive. IPC archive material cannot be shown without a license from the IPC and the payment of an appropriate rights fee; otherwise there will be breach of copyright and potential legal action for damages and/or an account of profits.
7. Should any 'fair dealing' or similar provisions contained in any applicable national law permit the use of any IPC archive footage without first obtaining a license from the IPC, then the amount of News Access otherwise permitted by these Rules shall be reduced by the duration that such footage is permitted to be used pursuant to such fair dealing or similar provisions.
8. Subject to Paragraph 9 below, in the case of an all-news network, it may utilise News Access Material during multiple news broadcasts, as long as the combined time that this is shown does not exceed a total of twelve minutes per day.
9. Non-Rights Holders, provided they are holders of ENR accreditation, will have access with equipment to the press zone of the mixed zone and press conference rooms and main media center as well as access without equipment to other parts of the Championships Venue.

10. These Rules are designed to permit news coverage of the Championships. No one is permitted to trade in News Access Material, or make it available to other broadcasters or media organisations, other than the IPC, the Championships Organising Committee and the Right Holders for each territory.
11. News access material shall not be used in or connected with advertising or product or service promotion.
12. Each broadcast of News Access Material shall give an on-screen credit (“Courtesy of (Name of Rights Holder); or similar) to the Rights Holder in the particular territory in which it is customary to do so. A list of such rights holders shall be available through the IPC.
13. These Rules do not apply to footage taken of official press conferences, which shall not be considered subject to the time restrictions contained in these News Access Rules.
14. The accreditations of any organisation or person(s) accredited at the Championships may be withdrawn without notice, at the discretion of the IPC, in the event of a breach of these News Access Rules.
