1 Introduction

The IPC Academy is a partnership between the IPC and the World Academy of Sport and is the education division of the IPC. The IPC Academy brings individuals together to improve educational standards of sport throughout the Paralympic Movement and ensures that executives, administrators and officials have an educational centre, providing world class courses.

World Para Athletics (WPA) believes that high quality learning materials and a tailored method of delivery is the key to improve the level of Para athletics officiating, classification and coaching all over the world. World Para Athletics has worked with the IPC Academy in recent years to develop educational pathways for those wishing to become involved in Para athletics at various levels and capacities. These pathways offer different levels of courses in technical officiating, classification and coaching taught by specifically trained World Para Athletics educators and can be delivered in multiple languages.

This document outlines the pathway for individuals interested in Para athletics coaching and outlines candidate qualification criteria and course outcomes of the various levels of courses offered by World Para Athletics.

2 World Para Athletics Coaching Pathway

The World Para Athletics Coaching Pathway includes the following courses:
