INTRODUCTION

This Guide describes in detail how athletes and teams can qualify for the Indonesia 2018 Asian Para Games in each of the 18 sports on the Games programme. The Guide presents:

- An overview of the Indonesia 2018 Asian Para Games Sports Programme,
- The general Asian Paralympic Committee (APC) regulations on eligibility,
- The specific qualification criteria for each sport (in alphabetical order),

Structure of Sport-Specific Qualification Criteria

Each sport-specific section in this Guide follows a standardized format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each sport-specific qualification criteria is as follows:

- Events

The following qualification methods may be used:

- Placement at World Championships
- Placement at Regional/Zonal Championships or Regional Games
- Placement in other IF sanctioned Competitions or Qualifiers
- Rank on a World or Regional Ranking List
- Rank on a specific Asian Qualification Ranking List
- Achievement of a Minimum Qualification Standard (MQS) with or without subsequent Quota Allocation Formula

General APC Regulations on Eligibility

In addition to each International Federation's athlete eligibility criteria, the APC has established a set of general conditions that apply to all participants in the Asian Para Games. These general regulations are derived from the APC Handbook. They ensure that the fundamental rights and obligations of the APC and its membership are recognized and protected. The General APC Regulations on Eligibility are as follows:

- APC Membership
- Compliance with APC Athletes Nationality Code
- Minimum Age Requirement
- Understanding and Agreeing to the APC Eligibility Code
- NPC Selection Standards
- Compliance with the Classification Rules

APC Membership

Only NPCs in good standing with the APC by 06 October 2018 may enter duly qualified and eligible athletes in the Indonesia 2018 Asian Para Games. NPCs are reminded that athletes must ensure their membership with their sport's respective International Federation (including the IPC) is in good standing during the qualification period and upon close of entry to the Asian Para Games.

Compliance with APC Athletes Nationality Code

Any athlete in the Asian Para Games must be a national of the country/territory of the NPC entering him/her and in compliance with the provisions of the Nationality Code as published in the APC Handbook.

Minimum Age Requirement

No minimum age limit for athletes competing in the Asian Para Games is stipulated by the APC on a general basis. However, NPCs should note that an age limit may be established by relevant International Federations through sport-specific athlete eligibility standards. While the Asian Para Games welcomes Asia's youth with impairment, NPCs are asked to use discretion and send to the Games only athletes adequately prepared for high performance competition.

Understanding and Agreeing to the Eligibility Code

To be eligible for participation in the Asian Para Games all athletes must sign, observe, comply with and abide by the rules and regulations outlined on the APC Eligibility Code form. The APC Eligibility Code form is part of the NPC registration process.

NPC Selection Standards

The APC recognizes and respects the right of NPCs to establish national selection standards for determining an athlete's or team's qualification to compete in the Asian Para Games. Such standards must be compliant with those established by respective IF's terms as well as the dates of confirmation and administrative deadlines defined in this Guide. All athletes and teams are equally subject to their respective NPC selection standards when applied.

Classification Eligibility Regulations (Sport Class Status)

Only qualified athletes that meet the sport-specific classification eligibility requirements will be eligible for entry in the Indonesia 2018 Para Asian Games. It is the responsibility of each NPC to ensure that its athletes hold a sport class status that complies with the sport's eligibility requirements as published in this guide.

The following Sport Class Status that the athlete needs to have in order to participate in the specific sport at the Indonesia 2018 Asian Para Games.

- N = New
- R = Review
- R+ = Review with a Fixed Review Date after 2018
- C = Confirmed

Athletes with 'New' or 'Review' sport class status must undergo international classification on site. Athletes will need to present themselves for classification at the date and time designated by the sport. NPCs must present all relevant medical paperwork for their athletes with 'New' or 'Review' status to the respective IF, according to their classification rules. For every classification matter the NPC must contact the respective IF.

Viability Criteria

Where the IF does not state its Viability Criteria, then it shall adhere to the Viability Criteria of the APC as follows:

- Individual Events: There should be a minimum of FOUR (4) athletes from TWO (2) participating nations;
- Team Events: There should be a minimum of FOUR (4) participating nations.

In exceptional cases where an event is already on the final programme and does not fulfil the Viability Criteria during the competition day, the following alternative steps can be taken:

- Technical Delegate's Decision: The Technical Delegate reserves the right and to amend the original event programme to ensure event viability and implement the minus 1 rule.

Bipartite Invitations

While the primary method in which the guiding principles are respected is through the standard qualification methods, the APC and IFs have also sought to provide targeted qualification slot allocations in particular sports through the Bipartite Commission Invitation Allocation Method. These invitations are included in the overall athlete quotas of the relevant sports. Invitations are granted on a discretionary basis by the APC and the respective IF and are typically allocated based on the following principles:

- To ensure participation of top athletes who may have not had the opportunity to formally qualify through other methods due to extraordinary circumstances;
- To ensure the representation of athletes with a high support needs;
- To ensure medal events will have sufficient representation for viability; and
- To enable greater representation by gender.

Timelines and Application Procedures

Each sport offering Bipartite Invitation slots has established its individual timeline for submission and acceptance of Bipartite Applications. Please refer to the respective section in each sport's chapter of this Guide.

Redistribution of Unused Qualifications Slots

Qualification slots that are not allocated or reallocated by their sports by the established deadlines or go unused (following the deadline for final entries) may be redistributed at the sole discretion of the APC and IFs to any sport on the program.

Universality Wild Cards

In each edition of the Asian Para Games, the APC and IFs institute a slot allocation mechanism to uphold the Universality principle and to ensure representation of a maximum number of eligible member NPCs. This slot allocation method is called Universality Wild Card (UWC) system and is by invitation only. Such invitations are usually extended if an NPC has been unable to qualify athletes via the regular qualification pathways. The UWC slot is allocated to the individual athlete, not to the respective NPC. If an NPC qualifies athletes via the regular qualification pathways after one of their athletes has been granted a UWC, the UWC is revoked and the properly qualified athlete obtains the slot. Universality Wild Card slots fall outside the athlete quotas published in this Guide

A maximum of one (1) male UWC slot and one (1) female UWC slot may be granted if an NPC has not attained any qualification slot otherwise. NPCs that have attained only one (1) qualification slot (irrespective of gender) may be given one (1) female UWC slot in addition.

In order to be considered for a Universality Wild Card athletes must meet the following conditions:

- Comply with the General APC Regulations on Eligibility as published in this Guide; and
- Comply with the Athlete Eligibility Criteria for their respective sport as published in this guide. This entails meeting all requirements for licensing and classification at the time the UWC is awarded.

Athletes who do not meet these criteria **will not be** considered for a Universality Wild Card.

KEY DATES

The following dates and deadlines have been established by the APC and the INAPCOG and need to be observed across all sports on the programme.

Each IF may determine their own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Indonesia 2018 Para Asian Games. All qualifying results must be achieved during the respective sport's qualification period. Results and rankings achieved prior to the sport-specific qualification period may not be considered for qualification towards the Indonesia 2018 Para Asian Games. Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport's qualification period.

7 April 2018 INAPCOG NPC Entry by Number deadline: This is the deadline for NPCs to submit total number of athletes to Indonesia 2018 in accordance with the sport entries policy.

31 July 2018 INAPCOG NPC Entry by Name deadline: This is the deadline for NPCs to submit to Indonesia 2018 all confirmation of sports entries by name in accordance with the sport entries policy.

In the case an event did not meet the above viability criteria by the final entry, World Para Athletics may combine such event with other event(s) where appropriate and applicable. In such combined field events, the Raza point system may be used to determine the placings. World Para Athletics also reserve the right to cancel such events or run them as non-medal events.

In the case the entry number of an event dropped below the aforementioned event viability criteria due to withdrawals after 31 July 2018, the event shall still be run as a Medal Event and the medals will be allocated under the 'minus one' rule.

There can be a different relay-specific athlete entered for the different relays on the final programme.

Note:

Classes 1-3 do not have MQS. The MQS was set on 18th place of the official Asian ranking list 01 January 2016- 31 December 2017. If there were not 18 athletes, the average of the last two times of the rankings is used as an MQS. If there were five or less athletes in the rankings, rank 20 of the official World ranking list was used (where appropriate).

For relay events there are no MQS times, teams can be entered even without previous achievement (they will be seeded with 'no time'). NPCs that have time for their relay team from the qualification period can enter this result in the final entries.

BIPARTITE COMMISSION INVITATIONS

World Para Swimming will allocate up to 30 Bipartite Commission Invitation slots. NPCs that have 5 or fewer swimmers on the qualification rankings may apply for the Bipartite Invitation slots.

To be considered for a Bipartite Commission Invitation, an athlete must hold an IPC Athlete Licence for the 2018 season and World Para Swimming must receive an official application from the relevant NPC no later than 17 July 2018.

If there is more than one eligible class in the single sport class event, a maximum of five (5) swimmers per event can be entered per each NPC. However, only a maximum of three (3) swimmers per each eligible sport class can be entered if all met the MQS.

NPCs can enter their athletes that have met at least one (1) MQS in an unlimited number of events.

EVENT VIABILITY CRITERIA

Individual events will be considered viable if they have a minimum of six (6) eligible swimmers from three (3) NPCs entered through the Entry by Name. For classes S1-2 five (5) eligible athletes from two (2) NPCs through Entry by Name is required.

Relay events will be considered viable if they have a minimum of four (4) eligible NPCs entered through the Entry by Name.

World Para Swimming shall review the event viability following the close of the final entry on 31 July 2018. In the case an event does not meet the above viability criteria by the final entry, World Para Swimming may combine such event with other event(s) where appropriate and applicable. In such combined events, the World Para Swimming point system may be used to determine the placings. World Para Swimming also reserve the right to cancel such events or run them as non-medal events, depending on final entries

In the case the entry number of an event dropped below the aforementioned event viability criteria due to withdrawals after 31 July 2018 , the event shall still be run as a Medal Event and the medals will be allocated under the ‘minus one’ rule.
