**Final Confirmation of Entries and Withdrawals.**

**Summary:**

Final Confirmation of Entries and Withdrawals.

**Details:**

Please be aware that the Final Confirmation which was submitted at the Technical Meeting serves the purpose of ensuring all of your athletes are entered into the competition in the event(s) which were specified at final entry.

As per the Declaration of Participation Rule (Rio 2016 Paralympic Games Sport Entries Manual), and as announced during the Technical Meeting, it is not permitted at this stage to withdraw athletes from any of their entered events except in the case of injury, illness or other extenuating circumstances. Therefore all NPCs who wrote 'No' next to an athlete, the athlete will be confirmed in their event and the athlete must compete. Withdrawals will only be permitted for medical reasons approved by the Games Medical Delegate.

All athletes must report to the Call Room at the times specified in the Team Leaders Guide. Any athlete who does not report to the Call Room on time will be found to be in breach of the Declaration of Participation Rule and will be disqualified from all remaining events at the Rio 2016 Paralympic Games.
