Item: 29

Re. Athletes access to the track events from the Call Room.

Summary:

Re. Athletes access to the track events from the Call Room.

Details:

All Athletes competing in track events are NOT allowed to carry with them any personal belongings on the track (ex. towels, tracksuits, bags, etc...).

The Athletes have enough time to prepare themselves and fix their race equipment (wheelchairs & prosthesis) inside the call room.

The athletes are proceeding to the start line 6 minutes before the start of their event and they have to be ready to start the race without any delay.
